MIXED METALS

BRONZE MEETS CHROME MEETS STAINLESS

steel: Don’t fear the mix-and-match. The latest look for hardware disregards prior faux pas and combines materials that, in the past, would never have crossed paths. Specify diverse metals on your own, or rely on brands like Nest to do the matching for you. —KATY OLSON

1. Emtek’s Freestone Handle in Flat Black with Stretto 1.5x5 Rosette in Satin Brass
