CLASSIC

The Classic Mother oversized statement pull is a dramatic addition to our best-selling Classic collection. The special edition pull is launching in celebration of Nest Studio Collection's 10th anniversary. Aptly named, the Classic Mother recognizes our company's commitment to supporting women, especially moms, in the workplace. This bold, glamorous pull is inspired by neoclassical design and the iconic design pioneer Dorothy Draper. The Classic Mother pays homage to our founder, Jessica Davis, and all other groundbreaking women in design.
