# MAKE MEMORIES THIS SEASON

We're known for our Custom Nail Polish kits and the unique and memorable experience they offer.

Gifting and receiving our kits can only be better if they're enjoyed with your besties. Creating, naming and enjoying your personal nail polish is one none of you will forget. And because ages 4 to 104 enjoy you'll have an experience that bridges the generations.

# ABOUT US

Anchored in historic downtown Easton, Taylor Made sits at the intersection of scrappy and stylish. We are deeply connected to our community and if there's one silver-lining from the pandemic, it's that our community has expanded to include 39 states and 5 countries. Every elevated clean-beauty experience is cause for a celebration. Even if it's the first step for an individual discovering that perfect shade, that vibrant hue, that feeling of empowerment from mixing, wearing, or sharing our products – we celebrate because we know one size fits none, and we embrace all authentically unique paths into bespoke clean beauty.

## *Our Founder*

Our founder's rare path through the military, corporate world, motherhood, and entrepreneurship formulates Taylor Made's foundational understanding that in a hectic world, the simplest moments can create your most cherished memories. Taylor Made exists to curate those moments. Each kit contains an artistic guide and all the tools a chef needs to make chemistry with the creative mind. Whether you're a nail polish novice or a mixing master, love is what you'll feel when your perfect shade is made.
