#### PLANT BASED MEAT

Impossible started on the premise that "meat is great", and they made it their goal to create a product that matched the flavours and textures meat eaters enjoyed without harming the planet or animals. The secret ingredient to their plant-based success was the use of Heme. Heme is naturally found in animal products and plant matter, and by using it in high concentrations, they could replicate the complex flavours, juicy textures and aroma that people crave and associate with real meat. Introduce this game-changing range into your Easter feast and impress vegetarians and meat-eaters alike.

## PLANT-BASED PORK MINCE

Description: Introducing Impossible
Pork, meat made from plants for people
who love the juicy taste of minced pork.
In fact, Impossible Pork was preferred to
minced pork from pigs in a blind taste test.
This award-winning pork is packed with
17.7g protein, and it is also a source of iron
and dietary fibre. Now you can feel good
about making a choice that's better for
your plate AND your palate.

Size: 6 X 1KG Per Carton PD Code: PD072077

## PLANT-BASED BEEF MINCE

Description: Impossible Beef is made from plants for people who love meat. You can make plant-based versions of your favourite minced beef recipes! Impossible Beef is savory, juicy, and mouthwatering. Plus, you can cook it like beef mince so you can use it on all of your favourite dishes. You can shape it into patties, crumble it, grill it, bake it, sauté it and more.

Size: 4 X 2.27KG Per Carton

**PD Code:** PD072069
