

BACKPACK COMFORT

COMFORTABLE – STRUCTURED – PRACTICAL

The new backpack COMFORT sits comfortably on the back and has a structured well thought-out interior – perfectly suited for everyday use.

- Made of high-quality Tex material: the robust and water-repellent surface is resistant to many acids and other substances
- Easy to clean: Water and soap are sufficient
- High carrying comfort – even when heavily loaded – due to padded and ergonomically shaped carrying straps
- Secure hold by additional chest strap
- Separate laptop compartment inside
- Stable bottom compartment with two removable space dividers
- Optionally with one or two additional organization boxes with clear lid and all-round zipper
- Interior compartment with variable dividers for smaller equipment items
- Two exterior compartments with variable loop systems for perfect organization
- Exterior business card pocket
- Optionally with additional mobile ampoule dispenser
