Being at Trion means being open to giving and receiving honest feedback. It means playing the hell out of our own games. It means listening to and being a part of teams who are always inventing, refining, and making things as good as they can be. It means always getting better and having an eternal willingness to learn and evolve. It means being our own worst critics. The only MMORPGs Mac users can usually play are browser MMORPGs, but after Googling around for a bit, I learned that some client based MMORPGs are also Mac compatible.
