Customize your URL referral code

eg. <https://fuhengherbs.com/?ref=rEUp7-pZXuS3L>

A screenshot of a web form for creating a referral code. The form has a label "Referral Code" above a text input field. The input field contains the alphanumeric string "rEUp7-pZXuS3L". A red hand-drawn circle highlights the input field, and a pixelated mouse cursor is positioned over the text inside the field.

Customize or create a name for your Referral QR code so you can add more people to your network easily

Under settings, you can click on **“Change Password”** to create your new password
