COCO DOTS™
COIR PLUG PELLETS FOR SEED SOWING

USES
• Easy to use and carry
• Two sizes, makes either a 30mm or 40mm diameter plug of compost
• Perfect for seed sowing and growing on young seedlings
• Rooting plant cuttings and growing them on
• Promotes fast seed germination
• Excellent aeration, drainage and moisture retention for promoting strong root growth
• Encourages beneficial plant microbes, and is pH and nutrient balanced

HOW TO USE
• Place the required number of the compressed Coco Dots in a waterproof tray, add warm water and leave for a few minutes to rehydrate.
• Once fully hydrated and expanded, sow one or two seeds in the top of each one, or insert a prepared plant cutting.

GREEN TODAY. GREENER TOMORROW.

AVAILABLE IN 40mm 15mm

COCO DOTS netted coir pellets are perfect for starting off seeds. Each pellet is wrapped in a biodegradable net that rots away over time to minimise root disturbance. Simply place in a pot or tray with water and watch the coir expand!

TECHNICAL SPECIFICATIONS

- **pH Value**: 5.5 - 6.8
- **Electrical Conductivity (EC Value)**: <0.5ms/cm
- **Coir Ageing**: 6+ months
- **Sand**: <3%
- **Sieve**: <6mm
- **Moisture**: 13-20%

STORAGE & USE INSTRUCTIONS

- Keep the dried Coco Dots somewhere cool and dry until you are ready to use them.
- Use in a well-ventilated place and avoid breathing in any dust.
- We recommend that you always wear gloves when gardening.

SUSTAINABILITY

- Made from 100% coconut husks, the bi-product of the coconut growing industry, enclosed within a biodegradable non-woven cloth mesh
- Organic and naturally biodegradable
- Environmentally-friendly and sustainable
- The perfect alternative to peat
- Eco-friendly, recyclable, easy to carry packaging

PACKAGING

• Inner wrap:
  Where applicable, LDPE Shrinkwrap, recyclable where facilities exist
• Outer box & labels:
  Mixed FSC certified corrugated boxes and product labels, widely recycled
