HAPPINESS 2.0 CLASS

Welcome to our Happiness 2.0 Class!

Do you want to take your paper piecing to the next level and launch into more challenging projects?

Susan Phillips will teach Jacqueline de Jonge's Happiness 2.0 Quilt in this 4-week class. There are 13 different techniques in this quilt - paper piecing, the star, spikes, inset circles, freezer paper techniques, second seam allowance, how to get a perfect corner, sashing, flying geese, nesting seams, how to pin baste, how to ease fabrics and how to use fabrics sparingly.

The possibilities are endless with the various colorways that you could use to finish this beautiful quilt. You will complete a small wall hanging of 38" x 38" at the conclusion of the four sessions.

If you'd like to sign up today, please check out the classes available or give us a call.
