

# LUSTRELAB

1. Adjustable Foam Cannon
2. Pressure Washer Quick Connect Adaptor (wrap with plumbers' tape and screw into Foam Cannon).
3. Threaded Cap (Screw Foam Cannon into threaded cap).
4. Tubing (Attach tubing to Foam Cannon)
5. 800 ml LXR Container
6. Flow Control Knob

**A. Assemble Foam Cannon and attach to pressure washer wand on washers up to 5000 psi.**

**B. The Foam Cannon has a Variable Flow control knob (6) for mixing the LXR or rinsing with plain water as well as an Adjustable Spray Nozzle (1) for pattern control.**

**C. Fully open the Flow Control Knob (6) all the way to “+” plus direction for rinsing. Fully close the knob to the “-“minus direction for LXR foam application.**

**D. Add 4 oz. of LXR concentrate to the container. Rinse vehicle. Apply LXR foam. Wash with pole brush or sponge. Rinse well. LXR CLEANS, RENEWS, PROTECTS AND SHINES!**
