All SSV Works Speakers are covered by a limited 1 year warranty against defects in material or workmanship. Labor for replacement of defective components is not covered. Contact SSV Works for further warranty information.

Please read and understand these instructions completely before installation to avoid possible injury, or damage to the accessory or vehicle.

TOOLS FOR INSTALLATION

- 5mm Allen key

PARTS LIST IMAGES

1. JJL-CS65 pods (pair) (White Chroma Grilles sold separately)

2. M8 x 30mm x 4 (5mm Allen key)

INSTALLATION NOTES

Always disconnect the battery when installing electronic devices.

A

A. Pull the left and right trim pieces away from the rear of the sport bar.

B. Align the CS65 on the sport bar. For positive engagement and to avoid cross threading the screws, maintain support of the CS65 while setting the screws. Hand thread the (2) M8x30mm screws into the sport bar. Using a 4mm Allen key, fasten the CS65 assembly to the sport bar.

C. With the CS65's secured to the sport bar, loosen the tensioning knob and rotate to the desired position.

D. This concludes the installation process. Connect the CS65's to your audio source.
