

Safety Data Sheet

Product: Partwell Easy Strip Adhesive

Ref: AD0001, AD0002

Date of issue: 28/01/2021

Supplier: Partwell Cutting Technology Specialists Bridge Works, Stanley Street, Blackburn, Lancs. BB1 3BW Tel: 01254 671875 Fax: 01254 674823

Composition:

Substance	Hazard Symbols	Risk Phrases	Case No.	EINECS No.	Concentration
Ammonia	C, N	R34, 50	1336-21-6	215-647-6	<0.2%
Sodium Hydroxide	C	35	1310-73-2	215-185-5	<0.2%

Other Chemicals: Natural rubber latex <85% Water, Carboxylated Acrylic Copolymer, Emulsion <5%, Blue Dye 0-1%.

Hazard Identification

Human Health Effects: Slightly irritating to skin and eyes.

Environmental Effects: None Known

First Aid Measures

Inhalation: Remove to fresh air. If symptoms persist get medical assistance.

Skin Contact: Remove contaminated clothing, wash skin with soap and water before emulsion dries.

Eye Contact: Rinse immediately with plenty of water for atleast 10 minutes, and get medical help.

Ingestion: Do not induce vomiting, give water to drink and get medical help.

Cleaning Methods: It is recommended to use absorbent materials, place in steel drums and wash with water.

Handling & Storage

Handling: Handle in well-ventilated areas. Ensure good industrial hygiene procedures.

Storage: Store in a cool, dry, well-ventilated place in clearly labelled containers, avoiding direct sunlight. Keep tightly closed.

Fire Fighting Measures

Suitable Extinguishing Media: Product is non-combustible, dried resin films are capable of burning causing:

- i. Large Fire
- ii. Small Fire

Special Protective equipment: Breathing apparatus, protective gloves, protective suits and safety glasses.

Accidental Release Measures

Personnel Precautions: Ensure adequate ventilation, wear respiratory protection, prevent skin and eye contact, wear protective overalls.

Environmental Precautions: Keep away from drains.

Exposure Controls/Personal Protection

Substance	Long Term Exposure Limit 8hr TWA	Short Term Exposure Limit 15min Period
Ammonia	25ppm	35ppm
Sodium Hydroxide	-	2mg.m-3

Exposure Controls

Ventilation: Ensure adequate ventilation. If necessary a suitable respirator should be worn.

Fire protection: -

Eye Protection: Wear goggles, keep an eye-wash bottle containing clear water to hand.

Skin Protection: Avoid skin contact, wear gloves and suitable protective overalls.

The Limitation Of Gloves: Gloves offer some protection, but engineering and procedural control measure should take priority. Glove life and performance are task related, the choice of a glove should be based on the manufacturers recommendation and your risk assessment.

General Aspects Of Glove Selection: Task conditions are crucial to correct glove selection. The actual choice of glove depends on the circumstances of use.

Consultation With Glove Manufacturers/Suppliers: Please consult with your glove supplier concerning an appropriate glove within range. Follow manufacturer and/or supplier's recommendations for storage, donning, use, removal and disposal of gloves. Refer to manufacturers for specific advice. Glove manufacturers should be apprised of the contents of this SDS so proper advice can be given.

General Comments: This information is only of a general nature and is not necessarily specific to particular use, or as a replacement for a full COSHH assessment.

This information should be used in conjunction with your own risk assessment.

Other Information: The information provided in this document reflects the latest data available to us but does not constitute a warranty of any qualities or acceptance of liability for loss, damage or injury resulting from the use of this product (except as required by law.)
