

Castle Story Download Mac

Castle Story™ is the fantastic version of the casual games. A person's wealth is often characterized by the lands he has. But this concept amends a bit when it comes to the lords and the ladies. In their case, the wealth is known by the number of kingdoms they have and how well they manage everything in them. The game Castle Story™ is about building a glorious kingdom which will be filled with breathtaking fantasy buildings, heroes and villains, and adorable animals. The harder the work done of the kingdom, the more effective will be the results of the game.

The game will start off by getting a little basic knowledge about the player who is currently playing the game. The information might want the players to enter their gender and nickname. When the players will enter their kingdom, they will be start making it better, the first thing that they will do is to complete the construction of the Farmhouse. For that, they will be in need of the wood, and wood will be collected by chopping off the trees.

The entire design structure of the game will be held together icon placed on the top left corner. The icon will let the players know about their kingdom quests. Next up they will be planting crops, as crops are the main source of energy to almost everyone in the kingdom. Castle Story™ will surely play around with the management skills of the players providing them a better stronghold of their decisions.

Castle Story™ will also let its players to construct huge castle Gates to eliminate the chance of any enemy entering in the place. They will also make the Wizard Towers, magic potions and more. All of these craftings will be done inside their crafting workshops. The game will let players explore the mysterious forest surrounding their kingdom and rescue those who are trapped by the evil curse. This will grant the players some excess amount of fortunes.
