

Critical Information Summary

Australia Post Mobile – \$20, \$30 and \$40 Plans

Service description

The service provided is a 30-day contract for mobile phone services using an Australia Post Mobile SIM on your own unlocked compatible mobile handset. The plans use the Optus 4G Plus network, offer features as shown in the pricing table below and are only available for personal or domestic use within Australia.

Fair Go Policy

The service is subject to our [Fair Go Policy](#) which ensures that all our customers can access the services; and do not use the services in a manner that we consider ‘unreasonable’ or ‘unacceptable’.

Handset requirements

You will require an unlocked mobile handset. If your handset is locked you will not be able to use any SIM card from a different provider. If you are unsure if your phone is locked, you may need to contact your previous provider. Unlocking fees may apply.

Minimum term - The minimum term for this service is 30-days.

Other Important Information

How to purchase

Australia Post Mobile plans can be purchased online using a credit card or in-store at your local Post Office.

Plan changes

Plans can be changed once per month and take affect from the plan anniversary, or upon expiry of the current plan (whichever comes first).

When your plan credit expires

Your plan credit balance and any data top-ups expire at either:-

- a) the end of your 30 day plan period at 11:59pm AEST/AEDT, or
- b) you have used all the included data on the plan, including any top-ups you have purchased.

Plan billing, suspension and termination

You must pay for another 30 days service on or before the end of your current billing period (expiry date). Payment can be by auto top-up or manual payment via credit card (Visa/Mastercard) or by a voucher (purchased in store at a Post Office).

- Suspension for non-payment – if your auto top-up fails, or payment is not made by the expiry date your mobile service will be suspended (all outbound calls, SMS and data will be barred) for up to 7 days.
- If payment is not received during this suspension period or before the suspension period expires, the service will be terminated.
- Once terminated your service can be re-activated by you, for up to 6 months; after 6 months you will not be able to reactivate your mobile number.

Cost of 1Mb of data in Australia

\$0 per MB for data included in your plan. \$0.05 per MB for top-up data purchased.

Data usage

Data usage is measured per kilobyte (Kb), is rounded up to the nearest kilobyte and includes uploads and downloads.

1 gigabyte (Gb) = 1,000 megabytes (Mb) = 1,000,000 kilobytes (Kb).

Tracking your usage

You can track your usage online via your account at auspostmobile.com.au.

Overseas roaming

Overseas roaming is not available for this service. It can only be used within Australia.

Exclusions and limitations

Commercial, non-personal, overseas, and machine use is excluded. Standard calls exclude calls to international numbers, satellite and premium numbers (e.g. 19xx numbers). Standard national SMS and MMS exclude messages to satellite and premium numbers.
