## Congratulations on your purchase!

### You can thank us later!

No matter what's going on in our lives, all of us could benefit from a little extra self-care now and then. What better way to do that than to immerse yourself in a relaxing spa treatment right in the comfort of your own home?

This deluxe Compact Foot Spa is the most recent addition to the Belmint home spa experience. Our dedicated engineers have created the perfect combination of soothing water jet foot bath and luxurious, soothing pressure.

The beneficial blend of water and massage is designed to promote circulation and enhance relaxation. In addition, the convenient loofah disks allow for optimal exfoliation with every treatment, leaving your feet smoother and softer after each use.

With simple, adjustable features, you'll be able to customize your treatment for ultimate benefits. And with intuitive, user-friendly controls, you won't waste time figuring out how to make things work. All you have to do is sit back, take a breath, and let your worries escape you.

Soak up some 'you time'. You've earned it!

**Sincerely,**  
The Belmint Team

## ► How to soak up some 'you' time

### Using your device

#### 1. Sit

1. Choose the perfect location for your spa treatment. Do not place the device near a heat source, in a steam room (or other area with high humidity), or on a wet floor.
2. Fill a clean bucket or pot with water warmed to your preferred temperature and pour into the spa reservoir.
3. Add your preferred bath salts, herbs, or detergents to the aromatherapy diffuser.
4. Plug your device into a polarized outlet.
5. Take a seat in your favorite comfy chair and get ready to bliss

#### 2. Soak

1. Use the intuitive control knob to turn on the device.
2. Adjust the settings based on your personal preference. Reference the diagram on Page 3 for more information on each setting.

#### 3. Repeat

1. When you finish your spa treatment, use the convenient loofah sponge inserts to gently exfoliate your feet.
2. Place your feet on a soft, dry towel.
3. Turn the device off and unplug with dry hands.
4. Apply your favorite moisturizer to your feet for optimal skin conditioning. To kick things up a notch, slip on some moisturizing spa socks for a bonus after-care treatment.
5. Be sure to allow the spa to cool completely before you take it for another spin.
6. For best results in future treatments, clean the unit after each use, especially if you added bath salts, herbs, or detergents to the aromatherapy diffuser.
