NAIL DRYER LIGHT

Belmint
PRESS ESCAPE™

Congratulations on your purchase!

Your regular manicure-pedicure session made more comfortable and easier with the BELMINT Nail Dryer Light.

What used to be careful drying of your nails after applying polish, is now made faster without the fear of smudging or ruining the applied nail polidh coating. Now, you can sit back and relax as you dry the nails on your hands and feet without all the hassle.

All BELMINT products are engineered by Belmint Engineers with high-quality, durable, materials and with your comfort in mind. Experience nail salon-quality mani-pedis in the comfort of your home.

Whether it's for a solo DIY or a group mani-padi session, the BELMINT Nail Dryer Light will be a sure hit!

To celebrating your comfort,
The Belmint Team

Features & Efficiencies

ERGONOMIC DEIGN FOR COMFORT

The BELMINT Nail Dryer Light is designed for maximum comfort with efficient operation.

PORTABLE

The light's weight ensures that you can bring it anywhere with you. It also lets you store the nail dryer with ease.

CHARACTERISTIC FUNCTIONS

- Activated hand sensor for efficiency.
- Removable bottom attachments when usiing to dry toenails.
- Light indicator for timers

Use every time you apply polish to your nails for faster and comfortable manicure-pedicure sesions.

Using to dry gel polish will require longer drying periods. Please check the instructions that come with the gel polish.
