SUPERYACHT DOCKLINE

This rope has been specifically designed for larger vessels to deliver 15% more stretch than traditional 3 strand mooring line for mooring larger yachts. All black polyester covers give Superyacht dockline improved performance and durability with the stretchy nylon braided core giving the rope its shock absorbing qualities. This super braided rope has the quality to enhance any quality built yacht.

Superyacht dockline is normally supplied in a made up form to order. We cut and factory splice to desired lengths, normally with one eye splice and leather becketting if required.

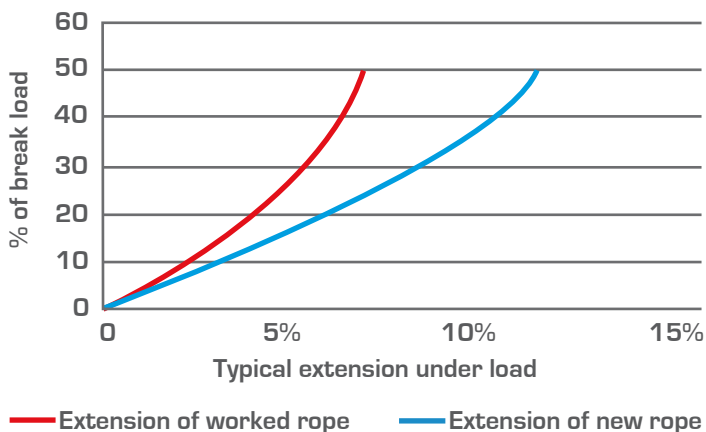

Feature and Benefits

- Stronger than 3 strand lines
- Splices easily
- Stretchy and shock absorbing nylon core
- Durable polyester core
- Soft and flexible
- Working load can be upto 50% of breaking load

Typical Applications

- Mooring lines

Extension Graphs

Colour Variety

Colour 1 - Superyacht Dockline Black

Data Table

Diameter (mm)	Weight (kg/100)	Breaking Strain (kg)
24	39.1	12,700
28	55.8	17,200
32	73.9	22,000
36	95.1	27,000
40	117.5	36,000
44	135.4	42,000
48	165.0	50,000
52	188.9	60,000

Technical Information

	Core	Cover
Construction	16 plait	24 plait
Material	Nylon	Polyester
Specific gravity	1.19	1.38
Resistance to acid	No	Yes
Resistance to alkali	Yes	Yes
Resistance to UV	Yes	Yes
Resistance to heat	^240 C	^230 C
Extension at 50%	13%
