Do good, through us

Every order supports NGOs  
to protect our planet

Plant Trees

Clean Oceans

Protect Wildlife

Social Causes

Did you know Bags Direct is a part of the 1 of the planet.

What does 1% for the planet mean? One percent for the planet is an international organization whose members contribute one percent of their annual revenue to environmental causes. The aim is to offer accountability and prevent greenwashing.

We have partnered with them to mitigate our carbon emissions created when producing and delivering the reusable shopper bags.
