Accuratus 730V2 USB-C - USB Type C Compact Scissor Key Keyboard with Numeric Keypad & Touchpad - US English

About

The Accuratus 730V2 compact layout keyboard is specially designed for meeting high spec requirements. With the latest USB Type C connectivity this keyboard can be connected to the most recent USB Type C devices including laptops, tablets, PC's and phones, also being perfect for the most recent EPOS environments using tablets. The USB Type C cable features a detachable ferrite core, meaning it can unclipped and repositioned if the cable needs to be threaded through and integrated into an EPOS or other environment. Boasting an integrated touchpad to the front and a numeric keypad to the right, the 730V2 has all the features for an excellent all in one keyboard and mouse solution, ideal for server racks, point of sale and situations where an all in one solution is essential. The keys on this keyboard are scissor key design, giving you a very soft and tactile touch for hours of comfortable typing, they also have high end UV coated key legends for enhanced durability and character life.

With all these features, top quality design and durability the 730V2 is an ideal keyboard for every situation; server racks, office, home, POS and industrial
