Accuratus K103A 15KV USB-C - USB Type C Compact Scissor Key Keyboard with Numeric Keypad & 15KV ESD Air Discharge

About

The Accuratus K103A 15KV is a compact keyboard specially designed with a 15KV ESD Air Discharge rating for meeting high spec requirements. With the latest USB Type C connectivity this keyboard can be connected to the most recent USB Type C devices including laptops, tablets, PC's and phones, also being perfect for the most recent EPOS environments using tablets. The USB Type C cable features a detachable ferrite core, meaning it can unclipped and repositioned if the cable needs to be threaded through and integrated into an EPOS or other environment. The K103A has an integrated numeric keypad on the right for easy number crunching, yet still boasts a small footprint, perfect for situations where space saving is essential such as EPOS and Retail. The keys on this keyboard are scissor key design, giving you a very soft and tactile touch for hours of comfortable typing and an extremely long durable lifespan.

With all these features, top quality design and durability the K103A is an ideal keyboard for every situation; office, home, POS and industrial.
