

ArmstrongFlooring™

Natralis™

Commercial Flooring
Homogeneous Vinyl Sheet
Made in Australia

Natralis™ reflects the authentic colours and unique beauty found in the landscapes and animals of Australia. Play with colour, connect with place.

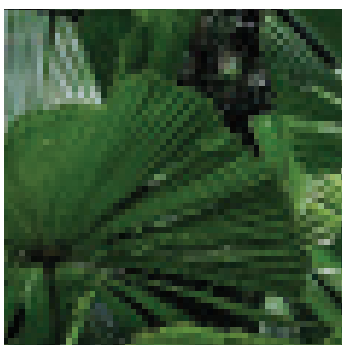

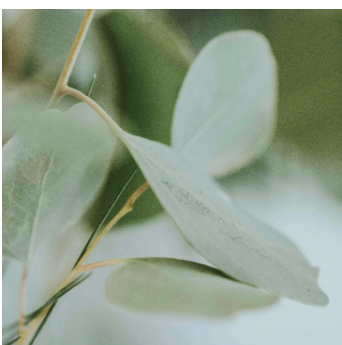

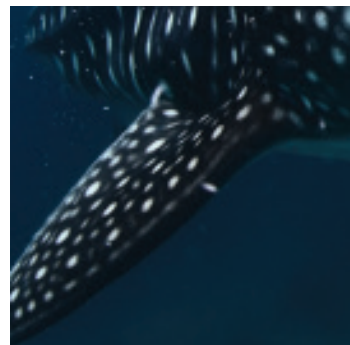

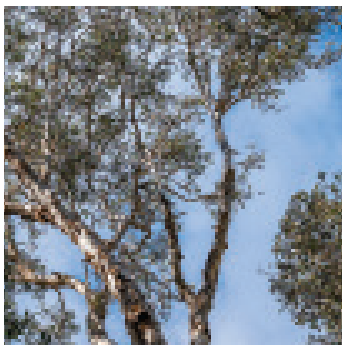

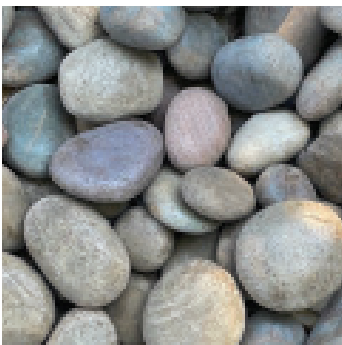

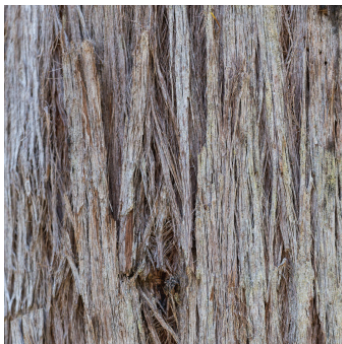

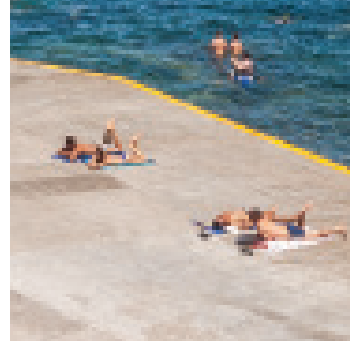

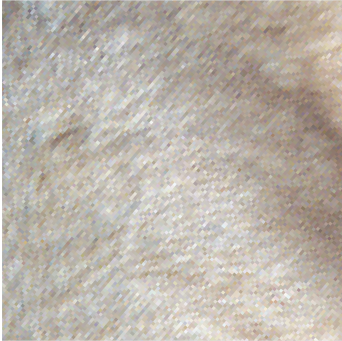

Armstrong Flooring are proud to acknowledge the Bunurong People of the Kulin Nation as the traditional custodians of the lands on which our production site is situated. We pay our respects to their Elders, past and present.

ArmstrongFlooring™

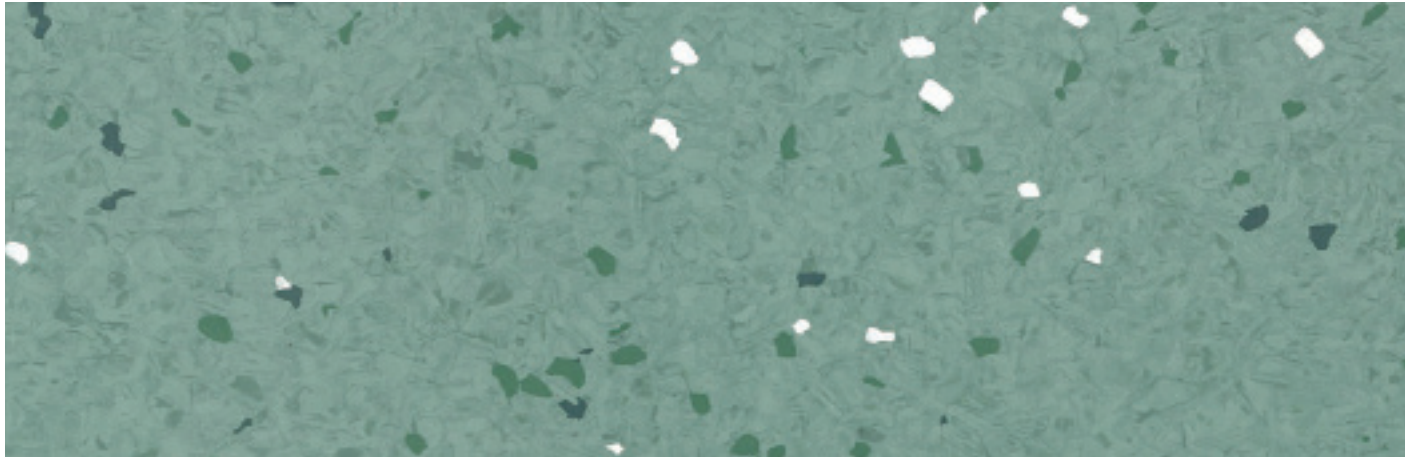

Proudly Manufacturing in Australia Since 1969

Natralis™

Inspired by Australia
Made in Australia

Natralis™ homogeneous vinyl sheet commercial flooring is highly durable, easy to clean, low maintenance and meets high performance criteria.

The Australian Made Advantage

Armstrong Flooring is proud to be Australia's only manufacturer of commercial vinyl sheet flooring and a company that has been innovating and investing in local production since the 1960s.

The Natralis™ range has all the benefits that go with local manufacturing, including local technical and colour laboratories, product development facilities and an ISO Certified production plant that offers wide product choice, 'quick ship' as standard and bespoke colour options.

The Natralis™ range is made in Melbourne and all colours are available as stock items from our warehouse in Braeside.

Product Stewardship

We are committed to the highest quality and manufacturing standards. Our products are:

- Phthalate free
- Ultra-low VOC $\leq 50 \mu\text{g}/\text{m}^2/\text{hr}$
- 100% recyclable
- Best Practice PVC
- GreenTag rated
- Made using best environmental practices

Applications

Natralis™ homogeneous vinyl sheet commercial flooring meets high performance criteria for applications such as Healthcare, Aged Care, Education and Hospitality.

Performance

The Natralis™ range incorporates an exclusive polyurethane formulation, a through-pattern construction and is enhanced with an embossed polyurethane reinforced surface. This delivers ultimate protection, exceptional performance and ease of maintenance (easy cleaning).

Exceptional durability Consistent appearance, superior wear and abrasion resistance, withstanding heavy boot and rolling load traffic.

Chemical resistance Optimum surface profile for chemical resistance, easy cleaning and easy maintenance.

Waterproof Appraised by Branz to meet the NCC Deemed-to-Satisfy Performance Requirements for use as waterproofing membranes for internal wet areas when installed to specified requirements.

Hygienic Unique formulation and surface profile promotes easy cleaning and resistance to soiling. Additional infection control can be obtained with easy to heat weld and flash coves for high risk areas.

Low cost Easy maintenance with no polish required means lower maintenance and lifetime costs with reduced cleaning time and less disruption.

Product Classification

Type of floor covering	EN / ISO 10581	Homogeneous sheet vinyl
Product identification	EN / ISO 10581.4.1	Type I
Commercial classification	ISO 10874	34 (Very heavy)
Light industrial classification	ISO 10874	43 (Heavy)

Physical Properties

Manufactured in		Australia
Roll width	ISO 24341	1.83m
Roll length	ISO 24341	16m
Coverage		29.28m ²
Overall thickness	ISO 24346	2.0mm
Product weight	ISO 23997	3.0kg/m ²
Surface texture		Lightly embossed
Polyurethane reinforced		Yes 

Technical Performance

Residual indentation	ISO 24343-1	≤ 0.1mm
Colour fastness	ISO 105-B02 (Method 3a)	≥ 6 (PASS)
Chemical resistance		Good resistance
Flexibility	ISO 24344, Method A	20mm mandrel, no cracking
Wear resistance	EN 660-2	Group T
Castor chair suitability	ISO 4918	Suitable
Seam strength	ISO 16906	>240 N/50mm

Fire & Slip Performance

Wet pendulum	AS 4586 (Appendix A)	P3
Oil-wet inclining platform	AS 4586 (Appendix D)	R10
Critical radiant flux	ISO 9239-1	≥ 8kW/m ²
Smoke development rate	ISO 9239-1	≤ 750% minutes
Cone Calorimeter (Walling)	AS 5637.1	Group 3

Installation

Installation to AS 1884	Full stick, heat welded or seambond seams
-------------------------	---

Please note recommendations are for guidance only.
Refer to relevant local, state, and federal construction codes and standards for requirements.
