So, who are we?

I have been an artist for years now, but in 2020 decided to take the leap and go full time. CheshirePaint was created. I felt like the type of people who are able to purchase artwork were being let down and deserved to buy exciting artwork with a fantastic experience. After building CheshirePaint up for a couple of years and building a good amount of demand for my work, I realised that to keep up with the standard I wanted to provide I needed to find someone who as equality driven and perspicacious about my vision as I am.. In comes Declan. Declan has been involved with projects in the past so was excited to join the team. Declan deals with the commercial side, logistics, installations and growth. I create all of the artwork and meetings with private clients.

As you can see, we have absolutely no problem with going the extra mile to ensure we fulfil the most extravagant requests... in fact we actually love it.

It would be our pleasure to invite you to experience our showroom. Nestled in the heart of Altrincham, Cheshire. We have created an immersive environment for you to view our collections in person.

Curated to deliver the CheshirePaint experience, this showroom provides the opportunity to see, touch and fall in love with the artwork.

*Installation is optional**
