

TERMS AND CONDITIONS OF SALE

This order acknowledgement confirms acceptance of your order, and your acceptance of our terms and conditions. You also accept all conditions stated in our quotation, for supply, installation, commissioning and any other products and services. All generators, spare part and other product lead times are purely indicative and subject to variation by our suppliers – no liability is accepted for variations in the lead times stated. Our contract with you is formed expressly and solely on the content of this order acknowledgment (in combination with our confirmed PFI to you) and our quotation. GFE Power Products take no responsibility for sizing of Generators to meet client's requirements unless we have taken design responsibility.

Generators supplied for domestic use: You are advised that installation of generator sets will cause short term disruption at your property, including temporary loss of mains power. You are required by law to certify our installation before it can be commissioned. This will require the services of a third-party qualified electrical contractor. You must also advise your local building regulations officer prior to any electrical installation work (we would recommend giving at least 3 weeks notice). GFE Power Products Limited will not be held responsible nor liable for any delays, problems or other matters arising out of your failure to comply with legislation in these areas.

Without prejudice to any other rights of the Company, interest shall be payable on any overdue amount from the date on which payment was due to that on which it is made (whether before or after judgement) on a daily basis at the rate of three (3) per cent over the base rate from time to time quoted by the Company's bankers compounded monthly. All headings in this agreement are for reference purposes only and shall not affect the interpretation of the particular clause.

In the event that any provision in these terms and conditions is declared by a judicial or other competent authority to be void, voidable, illegible or unenforceable for any reason, the parties shall amend that provision in such reasonable manner as achieves the intention of the parties without
