

PPG1000 PORTABLE POWER STATION

TAKE IT ANYWHERE

Powered by a Lithium-Ion battery which makes the PPG1000 easily portable. You can take the lightweight, portable power station camping, tailgating and hunting and use it in your home.

NO FUEL NEEDED

With no need for gas or an engine the PPG1000 is a clean and safe source of power.

SAFE AND RELIABLE

Safe for indoor and outdoor use with built-in over/under voltage protection and an internal temperature regulator.

WATERPROOF

IP67 Waterproof when case is sealed.

SILENT OPERATION

No Motor = Silent Operation.
