

PASSENGER DRINK HOLDER

Parts Included:

- 1 Drink Holder Assembly
- 1 Passenger Accessory Mount
- 1 Passenger Drink Arm
- 2 10-32 x 3/8" Screws
- 1 Shrink Tube

Installation Instructions:

1. Park on a level surface and shut off the motorcycle. Ensure that the engine has time to cool before installation.

2. Remove the tour pack liner. *Note: On '96-'13 models you will need to remove two bolts at the rear of the tour pack in order to free the liner.

3. Choose which side you would like to have the drink holder and loosen the three bolts opposite the speaker, enough to slide in the mount.

4. Use the 2 included screws to attach the drink holder arm to the top of the mount. Next, slide the heat shrink tubing over the joint. The arm should face away from the motorcycle on the side you have chosen. *Note the arm is shorter for '96-'13 models so it is necessary to trim the heat shrink.

5. Slide the mount between the speaker housing and the tour pack. Tighten the bolts on the back of the speaker, and drop your tour pack liner in.

6. Remove the large plastic nut from your drink holder and slide it over the mount with the threads facing outward. Now, snap your drink holder onto the ball and thread the large plastic nut back onto the drink holder. Tighten it down, and you are ready to go!

WARNING:

This indication alerts you to the fact that ignoring the contents described herein can result in potential serious injury or death if not followed.

CAUTION:

This indication alerts you to the fact that ignoring the contents described herein can or will result in material damage and/or personal injury.

ATTENTION:

This indication alerts you to the fact if you ignore this detail you will affect the performance or functionality of the product.

All Giro products are designed for "easy assembly" and/or "plug and play". We recommend a competent mechanic install our products, using standard mechanical procedures to assure a safe and successful installation.

NOTE:

Giro products are designed and manufactured under very strict quality control. Giro warrants that products sold to the original purchaser shall be free from any defects in materials and workmanship for a period of 3 (three) years from the date of purchase, and a lifetime warranty against LED failure.

Giro will have no obligation if the customer cannot show proof of purchase.

Warranty will not be granted unless the part is properly installed and maintained.

Giro will not be liable for any consequential and incidental damages, including labor, or non-Giro products.
