LIMITED WARRANTY

Coverage of Warranty

BauBasic is pleased to provide the following limited warranty on all cabinets imported sold in the United States and Canada by BauBasic. This warranty does not cover cabinets sold or shipped outside of the United States and Canada. This limited warranty is subject to all limitations, exclusions, disclaimers and procedures set forth herein. BauBasic warrants to the original purchasing consumer that all cabinets purchased from BauBasic will be free from all unnatural defects in material and workmanship in accordance with the BauBasic quality standards sheet under normal residential use for 5 years from the date of the original purchase or as long as the original purchasing consumer owns the home in which such cabinets are installed, whichever is less. This warranty is non transferable to subsequent owners of the home.

Limitations

This warranty shall become void if the cabinets, cabinetwork, drawer slides or hinges are modified from its original form, improperly installed or damaged prior to or during the installation, or used in any way other than for residential purposes. This warranty covers only parts and materials of the cabinets as supplied by BauBasic. This warranty does not cover any products used or installed in connection with cabinets, such as gas or electric appliances, countertops, or plumbing fixtures. This warranty does not apply to products installed in locations that do not maintain year-round environmental controls. This warranty shall not apply to damages caused by transportation, storage, dirt, chemicals, exposure to moisture, humidity or excessive heat or cold, nor does it cover defects arising from normal wear and tear, misuse, neglect, accidents, alterations, improper use or failure to maintain properly, house settling, or acts of God. No installer, retailer, distributor, agent or employee of BauBasic has the authority to alter the obligations or limitations in this warranty.

Exclusions

This warranty supersedes any and all previous warranties by BauBasic and constitutes the exclusive remedy against BauBasic for all defects, damages and workmanship. There are no implied warranties extending beyond the terms of this warranty. BauBasic shall not be liable for any indirect, special, punitive, incidental or consequential costs, expenses or damages. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. It is possible that one or more of the limitations and exclusions in this warranty may not apply to you.

Disclaimers

The following is a brief recap of some of the characteristics of the wood and finishes on the cabinets you are about to purchase. Please read them carefully. If some of these characteristics concern you, please choose something else. We bring these characteristics to your attention so you will realize that BauBasic will not be held responsible for these variations in your cabinetry. It is important to note that wood products claimed as defective are most often the result of atmospheric conditions such as excess moisture and humidity. BauBasic strongly recommends testing the intended location of the products for such conditions prior to installation. **WOOD AND COLOR VARIATIONS:** Wood is a product of nature, and since no two trees are alike, cabinets may vary in color, texture and grain. Wood characteristics naturally occurring such as variations in color, grain, mineral streaks, pinholes and knots are not considered defects. Color variations in cabinets are also a natural occurrence due to species, age, character of cabinets, and exposure to UV light and sunlight. For these reasons, new and/or replacement cabinets may not match display samples and/or existing cabinets. This may result in overall color variations, but is not considered a defect. **WOOD DOORS:** Wood by nature will undergo expansion and contraction movements year after year as it compensates and adjusts to ever changing atmospheric humidity and temperature conditions. It is very common for center panels on doors to shrink, expand or move during these transitions. Typically, the panel will return to its normal position within a year once it has adjusted to seasonal changes. It is for these same reasons that it is very common for doors to warp during these periods. Doors that are warped up to 1/4" are not considered defective. Note: It is advisable to check if the door was properly installed, since doors that appear warped are very often the result of improper installation.

Warranty Performance

If a defect does occur within the terms and conditions of this warranty such defective part will be repaired or replaced by BauBasic at its sole discretion. BauBasic will not provide or pay for the cost of removal of defective product, transportation of defective, repaired or replaced product or installation of repaired or replaced product. BauBasic will not be responsible for any shipping damages to the defective, replaced or repaired product. If defective item has been discontinued or is not available at the time, BauBasic reserves the right to replace the item with the most similar item available in BauBasic's inventory at that time. BauBasic cannot guarantee that the finish of any replacement will exactly match the finish and appearance of the defective item due to the natural aging process of the wood and finishes of the cabinets. BauBasic may require at its discretion that the customer submit a clear photo, or that a company representative view the item being claimed before honoring this warranty.

Claims

To submit a claim covered under this warranty, the original proof of purchase and full payment or copies thereof must be provided.

Dealer Product & Warranty Awareness Form

I have carefully read and understand the entire warranty provided by BauBasic and have been provided the opportunity to ask questions of, and receive answers from BauBasic concerning the terms and conditions set forth in the warranty, including, but not limited, to the extent of the coverage therein.

I hereby accept full responsibility

(a) to truthfully and accurately represent BauBasic

b) to make sure that anyone selling BauBasic cabinets under my dealership will properly explain the terms and conditions to the consumer.

I understand that BauBasic is not liable for any claims made by any consumer that are not covered under the warranty and that I will be solely responsible for any and all losses and expenses arising from such claims. I agree to indemnify, defend and hold BauBasic harmless from and against such losses and expenses, including, but not limited to, reasonable attorney's fees and expenses.
