

## WELCOME TO THE COLOR SPACE™ COMMUNITY!

We are beyond excited that you have chosen Color Space™ and want to begin by taking this opportunity to truly say THANK YOU for partnering with us.

We know you have many choices, and we are grateful for your trust in selecting us to be with you in the salon every day.

We hope you are as excited to get started as we are, so let's continue to learn more about the products and science behind Color Space™.

**Color Space Ed.** is built upon a cornerstone philosophy inspired by American painter and art teacher Albert H. Munsell. His ground-breaking, three-dimensional color system blends an artist's eye with scientific skills to explain not only how we see color but defines how it can be measured.

## TAKE THE TEST

In your upcoming Conversion Class, there is a section called 'How Lights Shows Us Color'. To prepare for it, please take the Munsell color test to see how your eyes perceive color. Please be ready and take this test before class starts.
