

BUDDHA PANTS

2024

Pants that make you dance!

WE DON'T MANUFACTURE AT A "FACTORY."
WE HAVE A SMALL STUDIO IN HO CHI MINH,
VIETNAM, WITH A GROUP OF AMAZING ARTISANS.

Our mission is to create organic, fun, comfy, multi-functional garments just for you! Buddha Pants® is a clothing company dedicated to creating multi-functional, travel-ready apparel, focusing on comfort and encouraging an active lifestyle.

Buddha Pants® fold themselves into their own pocket, making them a perfect travel-ready addition to any wardrobe! Buddha Pants® have flexible ankles that can be pulled up on the calf to create different looks.

“THE MOST COMFORTABLE PANTS YOU’LL EVER OWN!”

BUDDHA PANTS GIVE BACK PROGRAM | EST 2020

EVERY PURCHASE YOU MAKE, MAKES A DIFFERENCE.

We donate one pair for pants for every ten products you purchase. Every time you make a purchase, we are one step closer to providing a pair of pants to someone in need.

PRACTICING EMPATHY

Connecting Locally

In our digital world, we can send a message to someone nearly anywhere on the globe in moments. Yet, we feel more disconnected than ever.

As an online retailer, we got our start traveling to yoga & music festivals all over the world. We have come to miss that connection to community, especially over the past few years.

Through our Give Back programs, we've been able to nurture and grow great relationships with some amazing organizations.

A BETTER WORLD STARTS WITH BEING A BETTER NEIGHBOR

Giving Back

Every time you make a purchase, we are one step closer to providing a pair of pants to someone in need. At the end of each month, we'll tally all our orders and ship off a donation to a well-deserving organization. To date we have donated over 5000+ products to organizations across the country.

COMPASSION FOR HUMANITY

Global Connection

When a global pandemic rocked the world and PPE was in short supply, we wanted to help in any way possible. We were lucky to connect with two organizations on the frontlines of COVID relief efforts, Broward Health in South Florida and Nyack Hospital in New York, to provide thousands of masks where they were crucially needed. We continue to offer mask donations and discounts for frontline workers.

DOING OUR PART

Environmental Stewardship

Buddha Pants has always been on a mission to minimize our environmental impact. We use organic, plant based dyes and sustainable bamboo fabric in many of our styles. All of our products are packed in eco-friendly, recycled bags, and much of our packaging can be reused or repurposed! We even practice green living in the workplace; reducing waste from single use products and being conscious consumers ourselves.

OVER 7,000 ITEMS DONATED.

LEARN HOW WE ARE MAKING A DIFFERENCE ONE PAIR OF PANTS AT A TIME.

We are committed to supporting organizations who help to make the world a better place, whether by empowering children, coming to the aid when a global disaster hits, or helping to keep the world a healthy and clean place to live.

In the spirit of Metta meditation, a traditional Buddhist practice to help foster a sense of kindness and compassion towards all living beings, we at Buddha Pants believe in the importance of being a good neighbor not only locally, but also in our global community.
