BRAKE PADS APPROVED FOR USE

Kool Stop Dura2 Carbon – Standard Compound
Brakco High Performance Carbon Pads – Green Line

Please note: Failure to use approved pads will void your warranty. The approved pads list is available online and will be updated without notice.

CARE INSTRUCTIONS

Cleaning your wheels is easy, we recommend using Muc-Off Bio Nanotech Bike Cleaner. Spray the cleaner onto a microfibre cloth and wipe your wheels down. After the solution has dried, spray a fresh microfibre with water and wipe down the wheels.

MAXIMUM SYSTEM WEIGHT

System weight is defined as Rider Weight + Bike Weight + Accessories.

FIA420 (42mm) 20/24 & 24/24 Wheelsets – 100kg
FIA600 (60mm) 20/24 & 24/24 Wheelsets – 120kg
FIA757 (75mm) 20/24 & 24/24 Wheelsets – 120kg

LIMITED WARRANTY

All of our wheels are provided with a two-year limited warranty, with standard use.

Warranty is applicable from time of purchase, and is not transferable.

Improper use and a lack of maintenance is not standard use.

Brake surfaces are a friction surface; incorrect use of pads (and compounds) will void your warranty outright.

Warranty of rims is determined by our wheel-builder, and for supplied hubs, by their respective warranty agent.

You must retain your proof of purchase for any, and all warranty claims.
