Do You Know the **BATHROOM HOT SPOTS?**

GET SOME LEVERAGE

HOT SPOT #1

If you have trouble getting on and off a chair, then you are also having trouble getting on and off a toilet. An elevated toilet seat and hand rails can make all the difference.

GETTING IN & OUT OF THE TUB

HOT SPOT #2

Getting in and out of the tub or shower can be tricky, and holding onto the sink or towel rack isn't safe. Using grab bars is a much better solution.

BATHING INDEPENDENTLY

HOT SPOT #3

Our tub or shower is our sanctuary, but without the proper safety equipment, this is another bathroom hot spot. Bath seats, hand-held shower heads and bath mats are a must!
