KALEIDOSCOPIC
/kəˈlaɪdəskəʊp/

Words by Lezanne Viviers

the observation of beautiful forms
a study of light

LIKE A PRICELESS JEWEL, BURIED IN DARK LAYERS OF
SOIL AND STONE, EARTH RADIATES WITH BRILLIANT
BEAUTY INTO THE CAVERN OF SPACE AND TIME.

crystalline wands
stalagmite treasures form
prismatic memories
in the allegory of the cave

facets flicker reflections of sunlight
crystal batteries, moon charged at night

the observation of our subtle bodies
a study of our light

LIKE A PRICELESS JEWEL, BURIED IN DARK LAYERS OF
SOIL AND STONE, EARTH RADIATES WITH BRILLIANT
BEAUTY INTO THE CAVERN OF SPACE AND TIME.

saltwater currents
inverters convert
salt of the earth
emerge in a bit

stone circle messages
cymatics, salt crystalline
megalithic magic
amplified energy serene

the examination of transient patterns
a study of fragments of light

LIKE A PRICELESS JEWEL, BURIED IN DARK LAYERS OF
SOIL AND STONE, EARTH RADIATES WITH BRILLIANT
BEAUTY INTO THE CAVERN OF SPACE AND TIME.

silica and quartz
energetic magnetic, in circles it flows
toroidal anomalies
subtle sound, frequencies glow

torus of (r)evolution
nebula of the eye
an intergalactic portal
generational truths collide/kaleide

the observation of our beauty; The (Unbearable) Light-
ness of Being
a study of beings of light

LIKE A PRICELESS JEWEL, ASCENDED FROM DARK LAY-
ERS OF SOIL AND STONE, EARTH WITH RENEWED
BRILLIANT BEAUTY, RETURNING TO THE STARS, INTO
THE NEBULAS OF SPACE AND TIME AND LIGHT.

crystal castles
stalactite towers
crystalline pillars
electromagnetic showers

remember who we are
remember the crystals from afar
a jeweled energized rock
earth leakage through space of a million possibilities

the observation of our beauty, is a form of art in form;
a study of nuances, of light becomes the norm

LIKE A PRICELESS JEWEL, UNCOVERED IN RICH LAYER
OF MARBLED SOIL AND ANCIENT STONE, EARTH EM-
ANATES RENEWED, VIVID BEAUTY, FROM A CLOUD OF
GAS, OUTER SPACE DUST, A SPIRAL OF TIME.
