

ULS-GARD PELLETS

ULS-GARD Pellets provide an advanced and effective pelleted formulation to help maintain digestive health and comfort.

- Advanced and effective pelleted formulation to help maintain digestive health and comfort.
- Contains key ingredients traditionally used to help soothe the stomach lining, including **pectins, lecithin, aloe vera, marshmallow root, glycine, liquorice.**
- **Slow-release calcium and magnesium from marine algae**, to help maintain a healthy gut pH.
- **Beta glucans** from high nucleotide yeast to support gastric content viscosity.
- Contains **Pre and Probiotics** to support a healthy gut microbiome.
- On a palatable **alfalfa and soya hulls base**, to provide a fibrous mat.
- Equine America is BETA NOPS and UFAS assured which means that full product traceability is in place, along with a quality assurance program which minimises the risk of contamination of the feed with prohibited substances and NOPS. Products are formulated to be suitable for horses competing under FEI regulations and the Rules of Racing.

What Are The Benefits ULS-GARD Pellets?

- Natural, nutritional support for gut health and comfort (**Calcium, magnesium, lecithin, pectin, glycine**).
- Key ingredients traditionally used to soothe the stomach wall (**Aloe vera, marshmallow root, liquorice**).
- **Beta-Glucans** from high nucleotide yeasts to support a healthy gastric mucosa.
- **Alfalfa and soya hulls** base to provide a fibrous mat.
- **Palatable and easy to mix for fussy feeders.**
- Suitable for foals at a reduced serving rate.

Key ingredients per 100g daily serving

- divide into 2 or 3 feeds for best results:

Lecithin	2.75g	Pectin	2.0g
Aloe Vera	200:1 extract 100mg	Marshmallow	750mg
Liquorice	500mg	Glycine	500mg
Calcium	5.0mg	Magnesium	2.3g
High Nucleotide Yeast	1.0g	Probiotics	2.5 x 10(10) cfu

Nutrition

Additives (per kg): Technological additives: 1c322i Lecithin Liquid 15,125mg, Diatomaceous Earth (purified) E551c 25,000mg. Sensory Additives: 2b17034 Glycine 5,000mg,

Composition: Soya hulls (from genetically modified sources), Wheatfeed, Dried Alfalfa, Maerl, Apple Pectin, Magnesium Oxide, Yeast Products, Soya Oil (from genetically modified sources), Althaea officinalis (marshmallow) root powder, Liquorice root, Aloe Vera (200:1 extract).

Analytical Constituents:

Crude Protein	11.0%	Crude Ash	24.1%
Crude Fat	4.3%	Sodium	0.3%
Crude Fibre	17.7%	Calcium	5%
Magnesium	2.3%		

Pack size: 3kg
