BUTELESS® SUPER STRENGTH POWDER

XXXXTREME Competition formula for Joint and Muscle

The ultimate nutritional support for joint and muscle comfort in hard working performance horses and ponies, or for older horses to help maintain mobility. Includes high levels of Boswellia, MSM, Yucca and Turmeric to help the horse's own anti-inflammatory processes. Contains key antioxidant vitamins E and C as well as Ginseng and Ginger to protect against free radicals.

On a palatable linseed base, to provide important omega 3 fatty acids. Used globally by elite riders from all disciplines for optimum performance. BETA NOPS and UFAS accredited, ensuring our products do not contain prohibited substances and are suitable for horses competing under FEI regulations and the Rules of Racing.

Intense training and competition programmes can place considerable pressures on the musculoskeletal system, especially at longer shows and events. Inflammation and free radicals produced by intense exertion can significantly reduce performance. Buteless Super Strength Powder provides a potent, **highly palatable blend** of key ingredients and nutrients proven to help **anti-inflammatory processes**, with high levels of antioxidants to neutralize free radicals, providing joint and muscle comfort for all performance horses and ponies. **Also suitable for older horses and ponies, with significant levels of wear and tear.**

What are the benefits of Buteless Super Strength Powder®?

- Helping the horse's own **anti-inflammatory** processes, supporting joint and muscle comfort in performance horses and ponies (Boswellia, MSM, Yucca, Turmeric)
- **Antioxidant defence** against the damaging effects of free radicals (Yucca, Vitamins E and C, ginseng, ginger, rosemary and grapeseed extracts)
- Providing Omega 3 fatty acids to support the horse's anti-inflammatory processes as well as benefits for the **immune system and skin and coat condition** (Full fat linseed)
- **Low sugar**, and suitable for horses and ponies prone to laminitis
