

XTRA BOOST HEMOGEN

Xtra Boost Hemogen Helps Support Healthy Red Blood Production

- Xtra Boost Hemogen solution is a blood tonic for horses and ponies to support health and performance during training and competition.
- Contains high levels of B vitamins for energy production.
- Also contains bioavailable minerals including copper and zinc to support haemoglobin production and oxygen transport.
- NO added Iron.
- In a highly palatable solution.
- BETA NOPS and UFAS accredited, ensuring our products do not contain prohibited substances and are suitable for horses competing under FEI regulations and the Rules of Racing.

What are the Benefits Xtra Boost Hemogen Solution?

• **B Vitamins:** contains high levels of B vitamins to support energy production, blood building and promote appetite in fussy feeders. Sub-optimal intake levels of B vitamins, may be found in horses where requirements are increased, such as those in hard work, with little access to grass. Horses that aren't getting enough B vitamins often lose their appetite and may lack stamina and tire more easily.

• **Key minerals:** copper and zinc, in a bioavailable form to support haemoglobin production and oxygen transport.

Contains honey and echinacea to help support respiratory and immune function.

Key Ingredients Per 30ml Serving

Vitamin B6	100mg	Vitamin B1	100mg
Folic Acid	50mg	Riboflavin	60mg
Nicotinamide	125mg	D-Panthenol	50mg
Vitamin B12	500mcg	Copper	100mg
Zinc	125mg	Selenium	100mcg
MSM	20mg	Echinacea	3mcg
Honey	9%		

Nutrition

Additives (per litre):

Sensory additives: 2b Echinacea 100mg.

Technological additives: 2b Permitted flavouring 5000mg. E202 (1K202) Potassium Sorbate 2000mg.

Nutritional additives:

Trace elements: 3b608 Zinc (zinc chelate of glycine hydrate (liquid)) 4200mg, 3b414 Copper (copper (II) chelate of glycine hydrate) 3300mg, 3b801 Selenium (sodium selenite) 3.3mg.

Vitamins: 3a820 Vitamin B1 3300mg, 3a826 Vitamin B2 3300mg, 3a831 Vitamin B6 3300mg, 3a316 Folic acid 1700mg, 3a315 Niacinamide 4200mg, 3a842 D Panthenol 1700mg, 3a Vitamin B12 16.7mg.

Composition: Water, Dextrose, Honey (9%), Sorbitol, Methylsulphonylmethane (MSM).

Analytical Constituents:

Crude Protein	4.4%	Crude Fat	0.3%
Crude Fibre	<1.0%	Crude Ash	2.6%
Sodium	0.44%	Moisture	76.6%
Vitamin B12	500mcg	Calcium	100mg
Zinc	125mg	Selenium	100mcg

Pack size: 1L (30 day Supply)

Directions for use:

For 500kg horse: 30ml per day or prior to competition increase serve rate to 60ml per day for 5 days. Maximum per day: 60 ml.

For ponies: 20ml per day or prior to competition increase serve rate to 40ml per day for 5 days. Maximum per day: 40 ml.
