

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 1: Identification of the s	substance/	mixture and of the company/u	ndertaking	
1.1. Product identifier				
Product name		le MoleMax Mole & Vole Repellent Granu	ules	
Product code	: 691,6	692 - 25B		
1.2. Relevant identified uses of the s	substance or	mixture and uses advised against		
Use of the substance/mixture	: Repe	llent		
1.3. Details of the supplier of the saf	fety data shee	ət		
Bonide Products, LLC 6301 Sutliff Road Oriskany, NY 13424				
Telephone Number: (315) 736-8231 Comment: Bonide hours of operation are 8:0	00 a.m. to 4:30	) p.m EST.		
Website: www.bonide.com				
Email address: <u>sales@bonide.com</u>				
1.4. Emergency telephone numbers	(24 hour)			
Medical	: Safet	yCall - (833) 972-1101		
Spills	: CHEN	MTREC - 1 (800) 424-9300 and/or 1 (703	8) 527-3887	
<b>SECTION 2: Hazards identificatio</b>	n			
2.1. Classification of the substance				
Classification (GHS-US) Not classified				
2.2. Label elements				
GHS-US labeling				
No labeling applicable				
<b>SECTION 3: Composition/informa</b>	ation on in	aredients		
Mixture				
Name		Product identifier	%	Classification (GHS-US)
				Not classified
Ricinus oil (Caster Oil)		(CAS No) 8001-79-4	10	
SECTION 4: First aid measures		(CAS No) 8001-79-4	10	
	s	(CAS No) 8001-79-4	10	
SECTION 4: First aid measures	: Neve	(CAS No) 8001-79-4 r give anything by mouth to an unconscio / the label where possible).		
SECTION 4: First aid measures 4.1. Description of first aid measures First-aid measures general First-aid measures after inhalation	: Neve (show : Assur	r give anything by mouth to an unconscic r the label where possible). re fresh air for breathing. Allow the perso	ous person. If yo n to rest.	u feel unwell, seek medical advice
SECTION 4: First aid measures 4.1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact	: Neve (show : Assur : Remo warm	r give anything by mouth to an unconscio / the label where possible). re fresh air for breathing. Allow the perso ove affected clothing and wash all expose water rinse.	ous person. If yo n to rest. ed skin area with	u feel unwell, seek medical advice n mild soap and water, followed by
SECTION 4: First aid measures 4.1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact	: Neve (show : Assur : Remo warm : Rinse persis	r give anything by mouth to an unconscio the label where possible). re fresh air for breathing. Allow the perso ove affected clothing and wash all expose water rinse. immediately with plenty of water. Obtain st.	ous person. If yo n to rest. ed skin area with n medical attenti	u feel unwell, seek medical advice n mild soap and water, followed by on if pain, blinking or redness
SECTION 4: First aid measures 4.1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact	: Neve (show : Assur : Remo warm : Rinse persis	r give anything by mouth to an unconscio / the label where possible). re fresh air for breathing. Allow the perso ove affected clothing and wash all expose water rinse. • immediately with plenty of water. Obtain	ous person. If yo n to rest. ed skin area with n medical attenti	u feel unwell, seek medical advice n mild soap and water, followed by on if pain, blinking or redness
SECTION 4: First aid measures 4.1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and e	: Never (show : Assur : Remo warm : Rinse persis : Rinse	r give anything by mouth to an unconscio r the label where possible). re fresh air for breathing. Allow the perso pove affected clothing and wash all expose water rinse. rimmediately with plenty of water. Obtain st. e mouth. Do NOT induce vomiting. Obtain	ous person. If yo n to rest. ed skin area with n medical attenti	u feel unwell, seek medical advice n mild soap and water, followed by on if pain, blinking or redness
SECTION 4: First aid measures 4.1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion	<ul> <li>Nevel (show)</li> <li>Assure</li> <li>Remon warm</li> <li>Rinse persis</li> <li>Rinse</li> <li>Rinse</li> <li>Rinse</li> <li>persis</li> <li>both and the second second</li></ul>	r give anything by mouth to an unconscio r the label where possible). re fresh air for breathing. Allow the perso pove affected clothing and wash all expose water rinse. rimmediately with plenty of water. Obtain st. e mouth. Do NOT induce vomiting. Obtain	ous person. If yo n to rest. ed skin area with n medical attenti n emergency me	u feel unwell, seek medical advice a mild soap and water, followed by on if pain, blinking or redness dical attention.
SECTION 4: First aid measures         4.1.       Description of first aid measures         First-aid measures general         First-aid measures after inhalation         First-aid measures after skin contact         First-aid measures after eye contact         First-aid measures after ingestion         4.2.       Most important symptoms and examples	: Never (show : Assur : Remo warm : Rinse persis : Rinse effects, both a : Not e	r give anything by mouth to an unconscio y the label where possible). re fresh air for breathing. Allow the perso ove affected clothing and wash all expose water rinse. e immediately with plenty of water. Obtain st. e mouth. Do NOT induce vomiting. Obtain <b>acute and delayed</b> xpected to present a significant hazard u	ous person. If yo n to rest. ed skin area with n medical attenti n emergency me	u feel unwell, seek medical advice a mild soap and water, followed by on if pain, blinking or redness dical attention.
SECTION 4: First aid measures 4.1. Description of first aid measures First-aid measures general First-aid measures after inhalation First-aid measures after skin contact First-aid measures after eye contact First-aid measures after ingestion 4.2. Most important symptoms and e Symptoms/injuries	: Never (show : Assur : Remo warm : Rinse persis : Rinse effects, both a : Not e	r give anything by mouth to an unconscio y the label where possible). re fresh air for breathing. Allow the perso ove affected clothing and wash all expose water rinse. e immediately with plenty of water. Obtain st. e mouth. Do NOT induce vomiting. Obtain <b>acute and delayed</b> xpected to present a significant hazard u	ous person. If yo n to rest. ed skin area with n medical attenti n emergency me	u feel unwell, seek medical advice a mild soap and water, followed by on if pain, blinking or redness dical attention.
SECTION 4: First aid measures         4.1.       Description of first aid measures         First-aid measures general         First-aid measures after inhalation         First-aid measures after skin contact         First-aid measures after eye contact         First-aid measures after ingestion         4.2.       Most important symptoms and expression         4.3.       Indication of any immediate meet         No additional information available	: Never (show : Assur : Remo warm : Rinse persis : Rinse effects, both : Not e dical attentio	r give anything by mouth to an unconscio y the label where possible). re fresh air for breathing. Allow the perso ove affected clothing and wash all expose water rinse. e immediately with plenty of water. Obtain st. e mouth. Do NOT induce vomiting. Obtain <b>acute and delayed</b> xpected to present a significant hazard u	ous person. If yo n to rest. ed skin area with n medical attenti n emergency me	u feel unwell, seek medical advice a mild soap and water, followed by on if pain, blinking or redness dical attention.
SECTION 4: First aid measures         4.1.       Description of first aid measures         First-aid measures general         First-aid measures after inhalation         First-aid measures after skin contact         First-aid measures after skin contact         First-aid measures after eye contact         First-aid measures after ingestion         4.2.       Most important symptoms and expression         4.3.       Indication of any immediate measures         No additional information available       SECTION 5: Firefighting measures	: Never (show : Assur : Remo warm : Rinse persis : Rinse effects, both : Not e dical attentio	r give anything by mouth to an unconscio y the label where possible). re fresh air for breathing. Allow the perso ove affected clothing and wash all expose water rinse. e immediately with plenty of water. Obtain st. e mouth. Do NOT induce vomiting. Obtain <b>acute and delayed</b> xpected to present a significant hazard u	ous person. If yo n to rest. ed skin area with n medical attenti n emergency me	u feel unwell, seek medical advice a mild soap and water, followed by on if pain, blinking or redness dical attention.
SECTION 4: First aid measures         4.1.       Description of first aid measures         First-aid measures general         First-aid measures after inhalation         First-aid measures after skin contact         First-aid measures after eye contact         First-aid measures after ingestion         4.2.       Most important symptoms and expression         4.3.       Indication of any immediate measures         No additional information available       SECTION 5: Firefighting measures         5.1.       Extinguishing media	: Never (show : Assur : Remo warm : Rinse persis : Rinse effects, both : Not e dical attention	r give anything by mouth to an unconscie v the label where possible). re fresh air for breathing. Allow the perso ove affected clothing and wash all expose water rinse. rimmediately with plenty of water. Obtain st. re mouth. Do NOT induce vomiting. Obtain acute and delayed xpected to present a significant hazard u n and special treatment needed	ous person. If yo n to rest. ed skin area with n medical attenti n emergency me nder anticipatec	u feel unwell, seek medical advice a mild soap and water, followed by on if pain, blinking or redness dical attention.
SECTION 4: First aid measures         4.1.       Description of first aid measures         First-aid measures general         First-aid measures after inhalation         First-aid measures after skin contact         First-aid measures after eye contact         First-aid measures after ingestion         4.2.       Most important symptoms and expression         4.3.       Indication of any immediate measures         No additional information available       SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       Suitable extinguishing media	: Never (show : Assur : Remo warm : Rinse persis : Rinse effects, both : Not e dical attention	r give anything by mouth to an unconscio the label where possible). re fresh air for breathing. Allow the perso ove affected clothing and wash all expose water rinse. mmediately with plenty of water. Obtain st. re mouth. Do NOT induce vomiting. Obtain acute and delayed xpected to present a significant hazard u n and special treatment needed Dry powder. Carbon dioxide. Water spr	ous person. If yo n to rest. ed skin area with n medical attenti n emergency me nder anticipatec	u feel unwell, seek medical advice a mild soap and water, followed by on if pain, blinking or redness dical attention.
SECTION 4: First aid measures         4.1.       Description of first aid measures         First-aid measures general         First-aid measures after inhalation         First-aid measures after skin contact         First-aid measures after eye contact         First-aid measures after eye contact         First-aid measures after ingestion         4.2.       Most important symptoms and expression         4.2.       Most important symptoms and expression         4.3.       Indication of any immediate measures         No additional information available       SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       Unsuitable extinguishing media	: Never (show : Assur : Remo warm : Rinse persis : Rinse effects, both : Not e dical attentio	r give anything by mouth to an unconscio r the label where possible). re fresh air for breathing. Allow the perso ove affected clothing and wash all expose water rinse. e immediately with plenty of water. Obtain st. re mouth. Do NOT induce vomiting. Obtain acute and delayed xpected to present a significant hazard u n and special treatment needed h. Dry powder. Carbon dioxide. Water spr ot use a heavy water stream.	ous person. If yo n to rest. ed skin area with n medical attenti n emergency me nder anticipatec	u feel unwell, seek medical advice a mild soap and water, followed by on if pain, blinking or redness dical attention.
SECTION 4: First aid measures         4.1.       Description of first aid measures         First-aid measures general         First-aid measures after inhalation         First-aid measures after skin contact         First-aid measures after eye contact         First-aid measures after ingestion         4.2.       Most important symptoms and expression         4.2.       Most important symptoms and expression         4.3.       Indication of any immediate measures         No additional information available       SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       Unsuitable extinguishing media         5.2.       Special hazards arising from the	: Never (show : Assur : Remo warm : Rinse persis : Rinse effects, both : Not e dical attentio	r give anything by mouth to an unconscio r the label where possible). re fresh air for breathing. Allow the perso ove affected clothing and wash all expose water rinse. e immediately with plenty of water. Obtain st. re mouth. Do NOT induce vomiting. Obtain acute and delayed xpected to present a significant hazard u n and special treatment needed h. Dry powder. Carbon dioxide. Water spr ot use a heavy water stream.	ous person. If yo n to rest. ed skin area with n medical attenti n emergency me nder anticipatec	u feel unwell, seek medical advice a mild soap and water, followed by on if pain, blinking or redness dical attention.
SECTION 4: First aid measures         4.1.       Description of first aid measures         First-aid measures general         First-aid measures after inhalation         First-aid measures after skin contact         First-aid measures after skin contact         First-aid measures after eye contact         First-aid measures after ingestion         4.2.       Most important symptoms and e         Symptoms/injuries         4.3.       Indication of any immediate measures         No additional information available         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media         Unsuitable extinguishing media	: Never (show : Assur : Remo warm : Rinse persis : Rinse effects, both : Not e dical attention : Not e dical attention : Foam : Do no	r give anything by mouth to an unconscio r the label where possible). re fresh air for breathing. Allow the perso ove affected clothing and wash all expose water rinse. e immediately with plenty of water. Obtain st. re mouth. Do NOT induce vomiting. Obtain acute and delayed xpected to present a significant hazard u n and special treatment needed h. Dry powder. Carbon dioxide. Water spr ot use a heavy water stream.	ous person. If yo n to rest. ed skin area with n medical attenti n emergency me nder anticipatec	u feel unwell, seek medical advice a mild soap and water, followed by on if pain, blinking or redness dical attention.

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

cording to rederal Register / Vol. 77, No. 58 / M	onday, March 26, 2012 / Rules and Regulations
5.3. Advice for firefighters	
irefighting instructions	: Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Avoid (reject) fire-fighting water to enter environment.
rotection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.
ECTION 6: Accidental release	measures
.1. Personal precautions, protecti	ve equipment and emergency procedures
.1.1. For non-emergency personnel	
mergency procedures	: Evacuate unnecessary personnel.
.1.2. For emergency responders	
Protective equipment	: Equip cleanup crew with proper protection.
mergency procedures	: Ventilate area.
.2. Environmental precautions	
	Notify authorities if liquid enters sewers or public waters.
,	
.3. Methods and material for cont Aethods for cleaning up	: On land, sweep or shovel into suitable containers. Minimize generation of dust. Store away from
enous for cleaning up	other materials.
4. Reference to other sections	
ee Heading 8. Exposure controls and per	sonal protection.
ECTION 7: Handling and stora	ge
.1. Precautions for safe handling	
recautions for safe handling	: Wash hands and other exposed areas with mild soap and water before eat, drink or smoke and when leaving work. Provide good ventilation in process area to prevent formation of vapor.
2. Conditions for safe storage, in	cluding any incompatibilities
torage conditions	: Keep only in the original container in a cool, well ventilated place away from : Keep container closed when not in use.
ncompatible products	: Strong bases. strong acids.
compatible materials	: Sources of ignition. Direct sunlight.
.3. Specific end use(s)	
lo additional information available	
SECTION 8: Exposure controls/	personal protection
.1. Control parameters	
lo additional information available	
.2. Exposure controls	
ersonal protective equipment	: Avoid all unnecessary exposure.
and protection	: Wear protective gloves.
ye protection	: Chemical goggles or safety glasses.
espiratory protection	: Wear approved mask.
other information	: When using, do not eat, drink or smoke.
ECTION 9: Physical and chemi	ical properties
.1. Information on basic physical	and chemical properties
hysical state	: Solid
olor	: Brown.
dor	: Characteristic.
odor threshold	: No data available
Н	: No data available
lelting point	: No data available
reezing point	: No data available
Boiling point	: No data available
lash point	: > 440 °F
evision date: 01/10/2022	EN (English US) 2/4

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 10: Stability and reactivity	
10.1. Reactivity	
No additional information available	
10.2. Chemical stability	
Not established.	
10.3. Possibility of hazardous reactions	
Not established.	
10.4. Conditions to avoid	
Extremely high or low temperatures.	
10.5.         Incompatible materials           Strong acids.         Strong bases.	
10.6. Hazardous decomposition products	
Carbon monoxide. Carbon dioxide.	
SECTION 11: Toxicological informati	on
11.1. Information on toxicological effects	
Acute toxicity	: Not classified
Skin corrosion/irritation	: Not classified
Serious eye damage/irritation	: Not classified
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: Not classified
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
Potential Adverse human health effects and	: Based on available data, the classification criteria are not met.
symptoms	
SECTION 12: Ecological information	
12.1. Toxicity	
Ricinus oil (Caster Oil) (8001-79-4)	4000 mm (00 h D'mm)
LC50 fish 1	> 1000 ppm (96 h; Pisces) > 1000 ppm (96 h)
LC50 other aquatic organisms 1 Threshold limit other aquatic organisms 1	> 1000 ppm (96 h)
12.2. Persistence and degradability	
Bonide MoleMax Mole & Vole Repellent Gran	
Persistence and degradability	Not established.
Ricinus oil (Caster Oil) (8001-79-4)	
Persistence and degradability	Readily biodegradable in water.
12.3. Bioaccumulative potential	
Bonide MoleMax Mole & Vole Repellent Gran	ules
Bioaccumulative potential	Not established.

#### Ricinus oil (Caster Oil) (8001-79-4) Bioaccumulative potential No bioaccumulation data available.

12.4. Mobility in soil

Ricinus oil (Caster Oil) (8001-79-4)	
Surface tension	0.039 N/m

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

2.5. Other adverse effects	
Other information	: Avoid release to the environment.
SECTION 13: Disposal conside	rations
3.1. Waste treatment methods	
Vaste disposal recommendations	: Dispose in a safe manner in accordance with local/national regulations.
•	: Avoid release to the environment.

Not regulated by DOT.

### **SECTION 15: Regulatory information**

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. Following is the hazard information as required on the pesticide label:

### CAUTION: KEEP OUT OF REACH OF CHILDREN

Products can cause moderate eye irritation.

### **SECTION 16: Other information**

Other information

: None.

SDS US (GHS HazCom 2012) - Pesticides

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
