ABOUT DR VRANJES

In 1999 master perfumer Dr Paolo Vranjes chose to enter the world of artistic perfumery by creating a wide and unconventional palette of home fragrances.

Highest attention is paid to the quality of the essences and products used, but also to the creation off all the components.

Bottles, boxes, paper and labels are all made by Florentine artisans. The bottle itself is even shaped like the base of the tambour of Florence's Duomo.
