

HAZELDENE'S CHICKEN

Our chicken products, both free-range and RSPCA approved chicken, are sourced from Hazeldene's – renowned as Australia's best chicken producer.

Located locally in Lockward, near Bendigo in Central Victoria, Hazeldene's has been operating since 1938. Hazeldene's now stands at the forefront of poultry production in Australia, leading the industry in consistent quality, animal welfare, innovation and value.

Here at Gamekeepers, we procure the whole chicken from Hazeldene's and our master butchers break down into classic and speciality cuts. We specifically select Size 17 birds to breakdown ensuring optimal portions of the breast and leg meat and this size provides the best flavour profile.

CODE	WHOLE CHICKEN PRODUCT
C10	Chicken - Size 10

C17	Chicken - Size 17
C18	Chicken - Size 18
C20	Chicken - Size 20
C25	Chicken - Size 25

All cuts subject to availability.

THE HAZELDENE'S DIFFERENCE

- All Hazeldene's chicken is **RSPCA approved**. They have a strong commitment to animal welfare at all stages of the breeding, growing and feeding cycle.
- Birds are **raised in an enriched barn environment**, with space to move around and perch, good lighting, dust-bathe and forage. This is essential for the birds to express innate behaviours and have good muscle and fat tissue, which in turn ensures **high-quality tasting meat**.
- All **free range-birds have the ability to forage naturally** and instinctively amongst grasses, weeds, bushes and trees in a secure environment. Their diet is supported with locally-supplied multi-grains, blended with spice extracts and essential oils.
- Hazeldene's have a **zero-use policy** for added **Antibiotic Growth Promotant**.
