

# NEW SEASON VENISON

We are in partnership with the prestigious McKinnon Family, situated in South-West Victoria. This collaboration provides you exclusive access to the finest New Season Venison - the renowned Red Deer, celebrated for being the best eating venison.

Red Deer offers tender, flavourful meat that strikes the perfect balance. Its subtle gamy taste stands out without overpowering the palate. The unique allure of this venison lies in its tender texture and delicate undercurrent of sweetness, attributed to the deer's natural grass diet at Ardno Deer Park.

The McKinnon's have an unwavering commitment to a strict zero-use policy of no added hormones, reinforcing their dedication to producing venison of the highest quality.
