

HOUSEMADE CHARCUTERIE

The Gamekeepers Smallgoods team is led by Chris Roach, a third-generation butcher with over 25 years of experience. Chris and his highly skilled team are dedicated to using traditional, artisan techniques and using the highest quality ingredients.

In our state-of-art curing room, we craft exceptional charcuterie and smallgoods, including MB9 wagyu bresaola, flat pancetta, capocollo, guanciale, and more. All of our products are house made, following traditional recipes, and are known for their perfect balance of spice and flavour.

We exclusively source 100% Australian female pork, premium beef, grass-fed lamb, and red kangaroo for our smallgoods range.
