

SOUTHERN RANGES

THE LEADERS IN PREMIUM GRASS FED BEEF

We have partnered with Southern Ranges, the leaders in premium Australian grass fed beef. From the highly limited and exclusive SR4 range, SR2 and SR+.

Selected from only genetically superior British breeds (Angus and Hereford), the cattle have spent their entire lives grazing the lush green pastures of Victoria. This region is internationally renowned for its ideal climate, and consistently producing high quality cattle.

- No added hormones
- Antibiotic free
- All natural & 100% traceable

AMG (Australian Meat Group) have a strict hand-selecting grading system to ensure the SR4 products boast intense flavours, superior tenderness and a marble score rating usually found only in grain fed beef. **It's the best grass fed beef we've come across.**

SOUTHERN RANGES

THE SOUTHERN RANGES DIFFERENCE

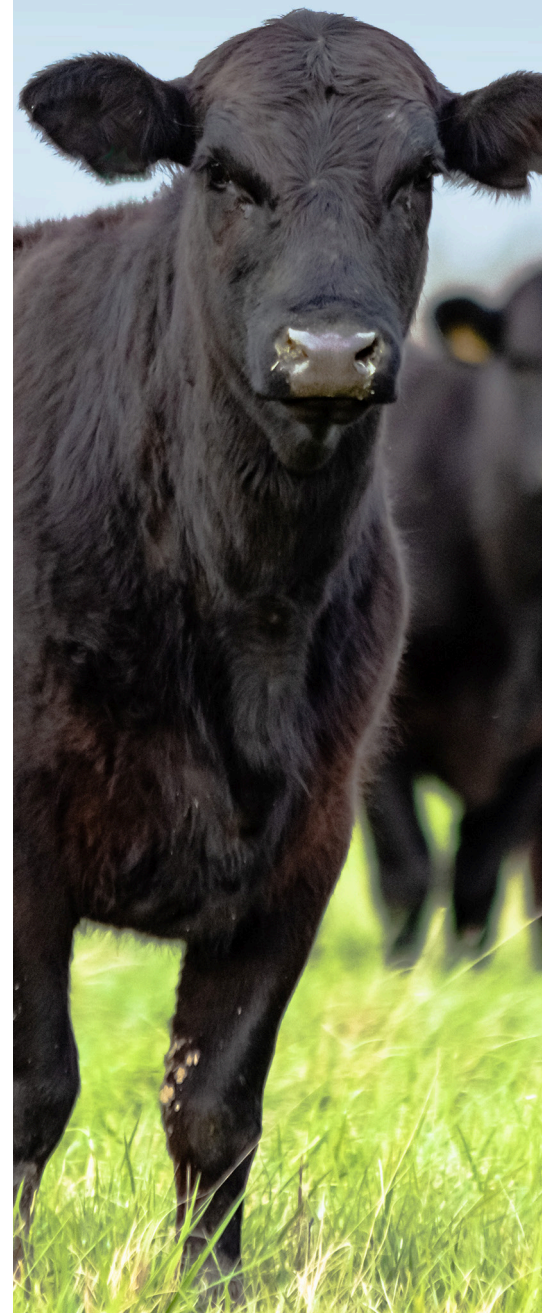

The taste from Southern Ranges grass fed beef is a richer, more complex, earthy flavour with a slightly yellowish fat colour due to an absorbed pigment from the grass called carotene.
