

AUSTRALIAN WILD BOAR

Wild Boar is the ultimate 'free-range' pig, roaming the untouched wilderness of the bush. Its meat is naturally leaner and exhibits a deeper, richer red hue compared to regular pork. Mild in flavour, it carries a subtle nutty undertone, a result of its wild diet.

Not only is wild boar meat a gustatory delight, but it's also a conscious choice.

By choosing this sustainable protein, you're actively contributing to ethical and responsible sourcing. You're aiding in the conservation efforts of our Australian bush by removing these animals.

Please note, due to its authentic wild nature, the sizes of our wild boar racks may vary. This only adds to the charm of experiencing true wild meat, where each cut tells a unique story.
