DO NOT SHRINK TO FIT ON THE PAGE

INTERNATIONAL RING SIZE CONVERSION CHART

Use the circles below to judge sizes against your existing rings.

Make sure you line the circles up below with the inside of your band to get an idea of size.

RING SIZING GAUGE

Try this Ring Sizing Gauge to help determine your ring size. The ring sizer works like a belt:

- Cut a slit along the top line and push the end through the slit to form a ring shape.
- Slip the ring sizer onto your finger.
- Adjust to give a comfortable fit, checking that it slips back over the knuckle.
- When best fit is achieved, your size is indicated by the arrow.
