CONTENTS

Skin types & concerns 3

Combination skin type 4

Oily T-zone (nose, chin, forehead) with dry cheeks.

Normal skin type 6

Neither too oily nor too dry. Smooth & non-irritated.

Dry skin type 8

Flaky, rough or tight skin, increased fine lines.

Oily skin type 10

Shiny skin & enlarged pores. Blemish-prone.

ANTIPODES®

Skin types & concerns

At Antipodes®, we take a deeply personal approach to skincare because no two devotees are the same. Nor is their skin.

This guide is to help you navigate the Antipodes® range so that you can create high-performing regimes that cultivate fresh, healthy-looking skin. By identifying your skin type, and understanding your specific skin concerns, a regime can be built that's personalised to skin that's yours, and yours alone.

Build your base by identifying your skin type. Most of us fit into one of four categories, so to make things easy, we've organised this guide accordingly. A cleanser, toner, and moisturiser is essential for looking after your skin type. These are the products that form the foundations of a routine – the daily essentials that keep skin happy, healthy, and hydrated.

Target & treat your skin concerns. We're subject to a constant flow of environmental, hormonal, and lifestyle factors that can all have an impact on our skin's health and appearance. Even the changing of seasons can dramatically change the needs of skin. Antipodes® serums, eye care, masks and exfoliators can be incorporated into any regime according to our ever-changing skin concerns. Mix them, match them, or use them as staples.

Intelligent regimes, tailor-made for intelligent devotees.

Combination skin type

Cleansers

The foundation of clear, healthy looking skin.

Masks & Exfoliators

Purify, reset, and revitalise to give tired skin a new life.

Toners

Refresh, balance, and prep skin for the nourishing products that follow.

Serums

Deliver highly concentrated nutrients to help repair and regenerate skin.

Eye Care

Address dark circles, fine lines, and rescue delicate under-eye tissue.

Sunrise Moisturisers

Powerfully boost water & seal the skin barrier for all-day hydration.

Sunset Moisturisers

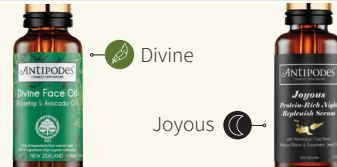

Nurture, nourish, and prevent trans-epidermal moisture loss while you sleep.

Protection

Defend skin against the sun's harmful rays and alleviate skin troubles.

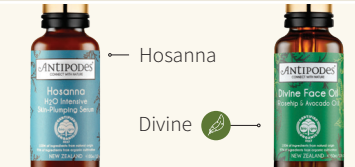

SKIN CONCERN

Fine Lines & Aging

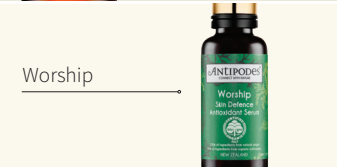

SKIN CONCERN

Dehydrated skin

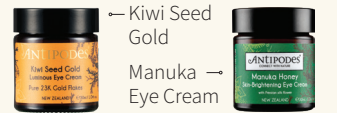

SKIN CONCERN

Blemished & Acne-Prone skin

SKIN CONCERN
