

# Dakota Johnson Just Wore the Shoes That Make Me Feel Unstoppable

And they're durable enough to withstand the snow.

The actress was spotted out and about in New York City looking as low-key and cool as ever. She always looks cool, that's how she is, but she never tries too hard, because, well, that's Johnson's allure at work. This time, she opted for classic straight-leg jeans that were, of course, the perfect blue — and yes, I'm currently doing the legwork to find her exact pair because they're so good. She rounded out the look with an oversized leather jacket (*ugh*, it's so chic!), a bright-green scarf that she casually draped over her signature brown locks, and those chunky, [front-zip Chelsea boots](#) that are my secret weapon for combatting snow in style. Hear me out!
