WHERE INNOVATION MEETS GYMNASTICS

**SIMONE BILES** | 4 x Gold Medalist

"Spieth America's gymnastics equipment is the most innovative equipment in the world allowing me to train harder and recover faster! My favorite Spieth America product is the Moscow Floor which I train on regularly at The World Champions Centre."

**KIM ZMESKAL** | 2016 USOC Coach of the Year

"As an Olympic gymnast, and now a coach, gymnastics has seemingly always been my playground filled with the likes of bars, beams, and mats galore! Spieth America and I share the same high quality, top notch expectation from the equipment upon which gymnastics magic is created."

**ELLIE BLACK** | 2 x Olympian

"Spieth America has been my favorite brand of equipment to use during training and I have been using it for most of my gymnastics career. I'm looking forward to working with a company that has been part of my development and journey as a gymnast and that really understands the sport and its athletes."

**GUSTAVO MOURE** | Olympic Coach

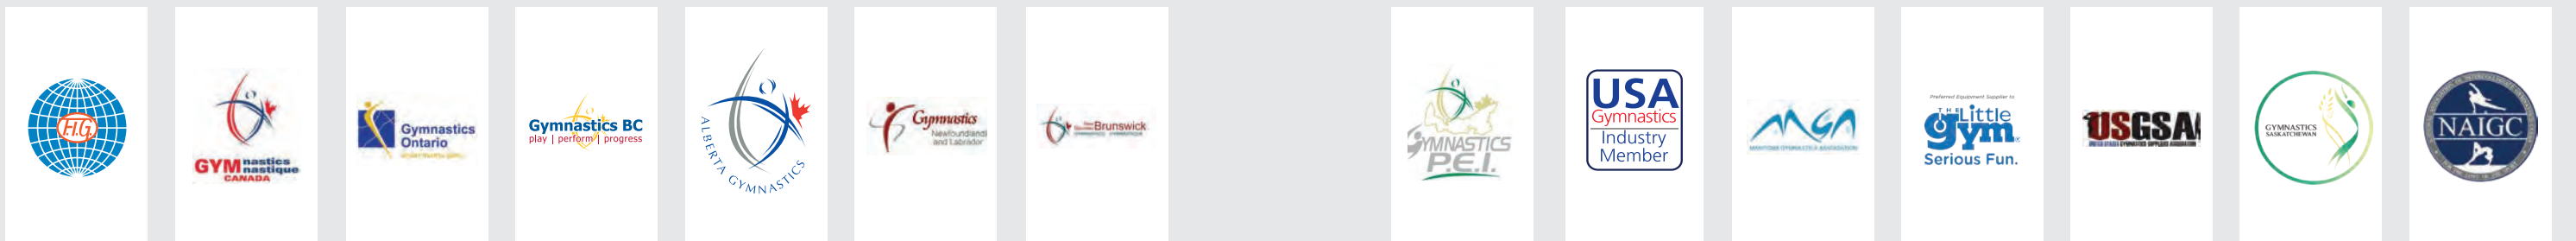

"Everyone here at Excalibur loves Spieth Equipment; the athletes rave about the rebound of the floor they get when tumbling, yet they're able to control their landings with the softness of the shock absorbing floor."

**SAM MIKULAK** | 2 x Olympian

"Spieth America is the future of gymnastics. As I get older, my body needs the extra attention with safety and reliability in which Spieth America provides. Not to mention, they are the leading brand internationally, and training on their equipment will help prepare me for some of the biggest future competitions."

**LIANG CHOW** | 2008 & 2012 Olympic Coach

"I am thrilled to use Spieth equipment at my world class gymnastics events. Currently, the Performance Series Crank Beam and All American Uneven Bars have greatly improved the training in my gym. Spieth America is constantly inventing and improving the safety of athletes through their product development. I am very excited to see what other advances Spieth America brings to the gymnastics world!"

### COMPETITION PODIUM

Bringing world class meet presentation to North America. This competition podium has been featured at numerous international championships.

**SIMONE BILES**

2019 Stuttgart World Cup

Product:  
Ergojet Vaulting Table [1407210]

"My favorite vault table to train and compete on is the SPIETH America Ergojet. I think the Ergojet is the most stable and explosive vault table on the market and it has a special high absorption top which really reduces the impact on my joints. The vault also has gas shocks for easy height adjustment and comes with a built-in transport system so even I can move the vault table around the gym if needed. I'm really excited to earn the opportunity to compete on the Ergojet in both Stuttgart and Tokyo."

**SIMONE BILES** | 4 x Gold Medalist

**INTERNATIONAL ERGOJET VAULTING TABLE**  
[1407210]

**Equipment Features**

- Built-in transportation system and column padding included
- Simple gas spring height adjustment from 100 to 140 cm in 5 cm increments
- Improved resilience and stability
- For training and competition use
- Used at 2016 Rio Olympics

Height Adjustment System

Transportation System

**Optional base padding available**

- 5005-006-4** Optional Base Padding 4' x 4' x 20 cm (shown)
- 5005-006-8** Optional Base Padding 8' x 4' x 20 cm
- 5005-007-4** Optional Base Padding 4' x 4' x 12 cm
- 5005-007-8** Optional Base Padding 8' x 4' x 12 cm

**NEW!**

**COMPETITION PERFORMANCE SERIES VAULT TABLE II**  
[5002]

**RECREATIONAL SA REC VAULT TABLE**  
[REC-5001]

**Equipment Features**

- New gas spring and handle for smooth and easy height adjustments
- High absorption top drastically reduces the impact on joints
- Column padding included
- Simple height adjustment from 100 to 140 cm in 5 cm increments
- Table top covered with a tough, non-slip material
- Wide base and easy leveling footpads provide improved stability
- For training and competition use

Height Adjustment System

**VAULT BLOCK TRAINER**  
[5005-400]

- Helps gymnasts learn proper pre and post-flight technique
- Quickly fastens to any vaulting table
- Ribbon height can be adjusted

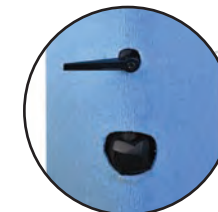

**Optional base padding available**

- 5005-003-4** Optional Base Padding 4' x 4' x 20 cm (shown)
- 5005-003-8** Optional Base Padding 8' x 4' x 20 cm
- 5005-004-4** Optional Base Padding 4' x 4' x 12 cm
- 5005-004-8** Optional Base Padding 8' x 4' x 12 cm

**Equipment Features**

- High absorption top drastically reduces the impact on joints
- Column padding included
- Simple height adjustment from 110 to 140 cm in 5 cm increments
- Table top covered with a tough, non-slip material
- Wide base and easy leveling footpads provide improved stability
- For training and competition use
- Gas spring and handle for smooth and easy height adjustments

Height Adjustment System

**PERFORMANCE SERIES ROUND-OFF ENTRY PAD** [622]

- Provides a fast and non-slip response
- Includes hook fasteners to secure to vault runway
- 47 1/4" L x 39 3/8" W x 1" H

**INTERNATIONAL  
SOFT COMPETITION**

[1411704]

- FIG certified ("Soft"), 5 alloy steel springs
- Carbon fiber reinforced top board
- Removable transport castors included
- For experienced vaulters, women's vaulting and men's backwards vaulting
- For 40-75 kg / 88-165 lbs

**HARD COMPETITION**

[1411714]

- FIG certified ("Hard"), 8 alloy steel springs
- Carbon fiber reinforced top board
- Removable transport castors included
- For top gymnasts, forward vaults for fast and powerful gymnasts
- For 50-100 kg / 110-220 lbs

**COMPETITION**
**PERFORMANCE SERIES ACCELERATOR**

[5002-334]

- Four blue ("Hard") and three red ("Soft") interchangeable coil springs
- For Ages 10-15 years and experienced vaulters
- Up to 80 kg / 176 lbs

**RECREATIONAL**
**JUNIOR ACCELERATOR**

[334J]

- Extremely light-weight with great stability
- Six red ("Soft") easy to remove coil springs
- For Ages 6-12, basic vaulting experience
- Up to 40 kg / 88 lbs

**TRAMP BOARD "XCEL"**

[5006-100]

- Halfway between a springboard and a mini trampoline
- Has been developed specifically for all learning and working skills of vaulting exercises
- Increases the power of a gymnast
- Same length as a standard springboard
- Easily transportable with built-in wheels
- Up to 60 kg / 132 lbs

**VAULT RUNWAYS**

- Made with high-performance polyethylene sports foam and flame laminated high quality carpet
- 36" W x 82' L
- Meets USAG and NCAA specifications
- See page 41 for other available color options

**177-125** 1 3/8" Vault Runway

**177E** 1" Runway with EVA foam

**VAULT SAFETY ZONES**

Surrounds the vaulting board to keep gymnasts safe during round-off entry vaults.

**5005-300** Non-Folding

**5005-200** Folding

**FOAM TABLE TRAINER [CFT-135]**

- Consists of four sections as shown, total 125 cm high
- Includes hook fasteners to secure sections together and attach to a carpet surface
- CFT-135-10 sold separately to reach 135 cm

**Trainer consists of four sections:**

40 cm (15 3/4")

60 cm (23 3/16")

10 cm (3 15/16")

15 cm (5 27/32")

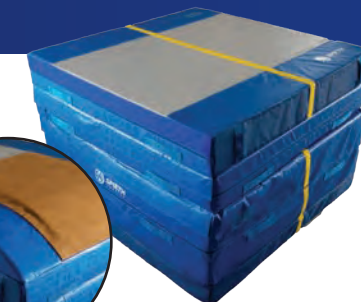

Total height is 125 cm (49 3/16").

**SIMPLE TABLE TRAINER [CFT-115]**

- Consists of one 115 cm high top section only
- Includes hook fasteners to secure trainer to a carpet surface

**NEW!**
**XCEL SILVER VERSAPOD [456-xcel]**

- Vault mat systems meet all USAG Xcel specifications
- System can be reconfigured to provide any combination as shown (*optional curved top available*)
- All mats include fasteners to secure together, and hand placement mark at 32" from the front edge

[456-xcel]

[456]

**VERSAPOD [456]**

- Multi-functional versaPOD:
  1. Level 4 Vaulting
  2. Xcel Vaulting
  3. Functional Training system in training centers
- Bottom Layer: 5'x5'x24"x 2, Middle Layer: 5'x5'x8" x 4, Top Layer: 5'x10'x8" x 1 with Anti-Skid Material on bottom
- Rounded front to develop vault progressions as gymnasts transition to the vault table
- 60" width vaulting zone stripe on each layer of system
- Meets specifications for all USAG Vaulting requirements for J.O. and Xcel programs

**456-5108** Middle Layer with Yellow Boundary Line: 5' X 10' X 8"

**456-5524-1** Bottom Layer Mat with Yellow Boundary Line: 5' x 5' x 24"

**456-5524-2** Bottom Layer Mat Two: 5' x 5' x 24"

**456-558-1** Middle Layer Mat with Yellow Boundary Line: 5' x 5' x 8"

**456-558-2** Middle Mat Layer Two: 5' x 5' x 8"

**456-55TOP** Curved Top with Vault Cover: 5' X 5' X 8"

**456-TOP** Curved Top with Vault Cover: 5' X 10' X 8"

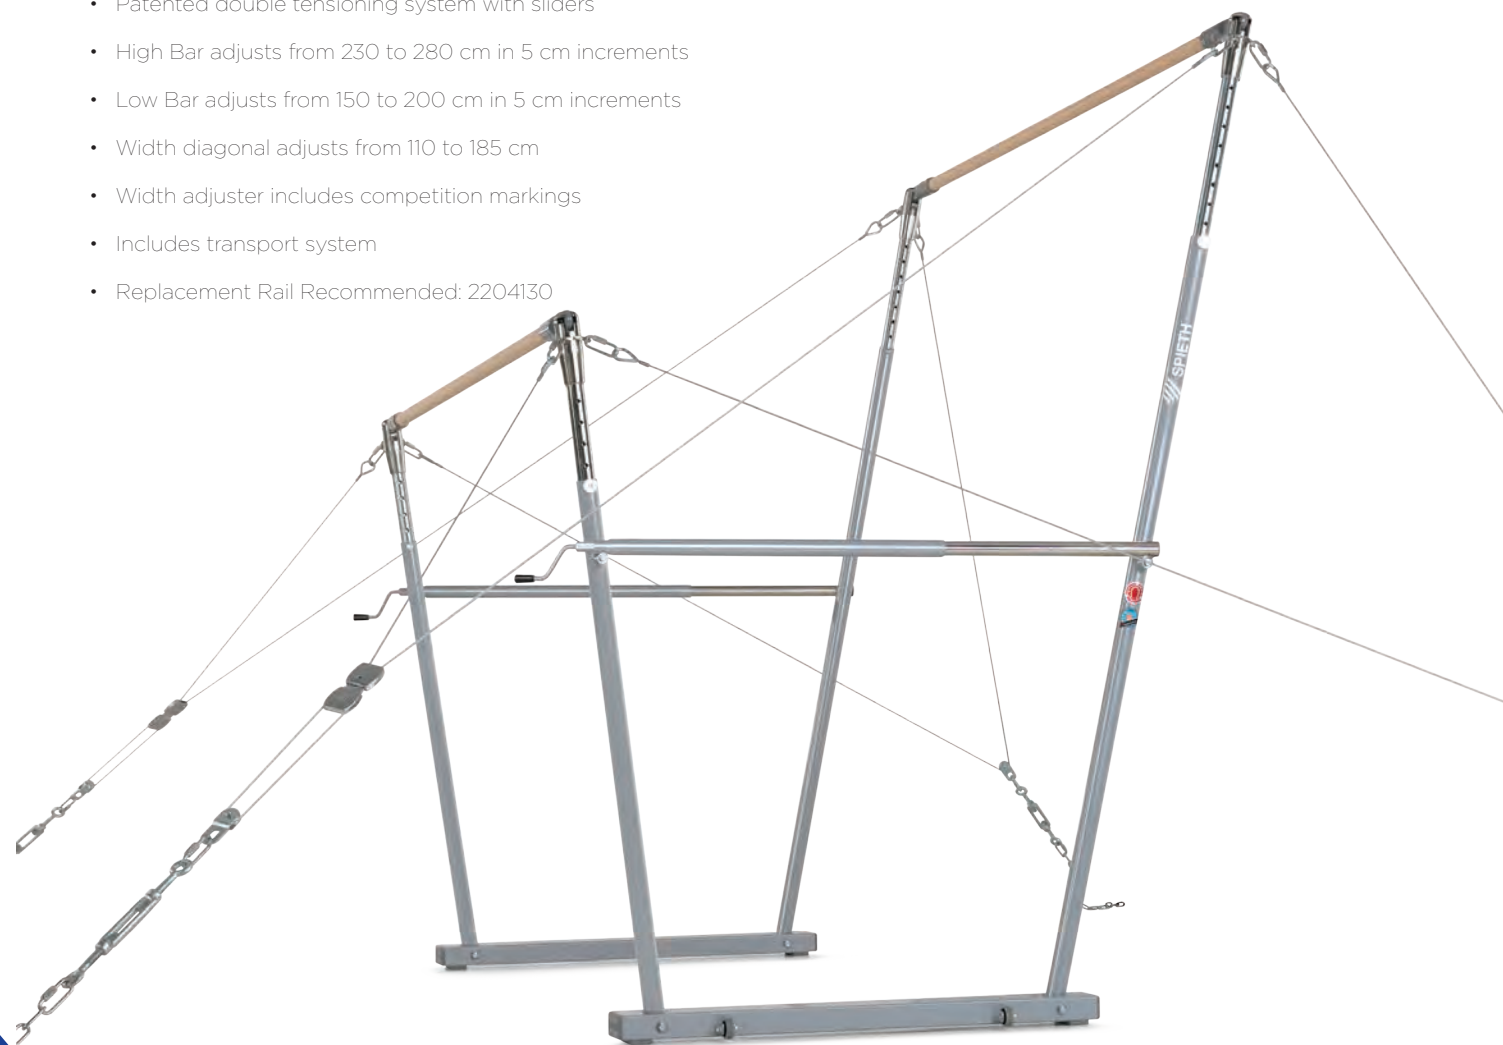

**IMPROVED!**

**INTERNATIONAL "BERN" UNEVEN BARS**  
[1383200]

**Equipment Features**

- FIG certified
- Carboflex veneered fiberglass rails
- Patented double tensioning system with sliders
- High Bar adjusts from 230 to 280 cm in 5 cm increments
- Low Bar adjusts from 150 to 200 cm in 5 cm increments
- Width diagonal adjusts from 110 to 185 cm
- Width adjuster includes competition markings
- Includes transport system
- Replacement Rail Recommended: 2204130

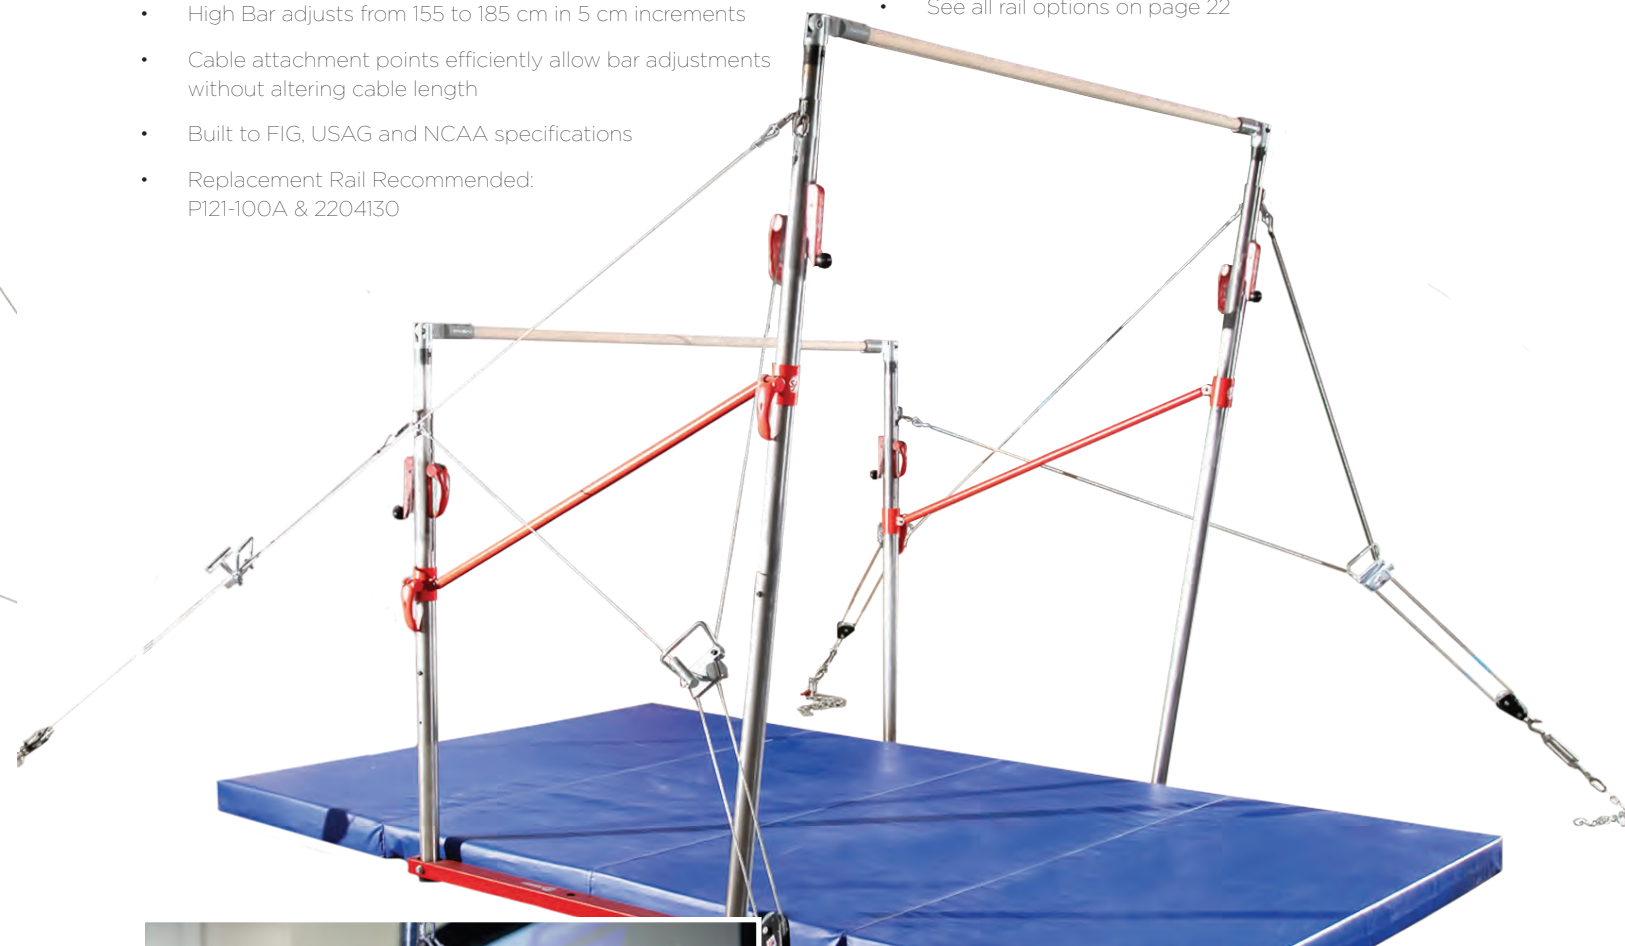

**COMPETITION PERFORMANCE SERIES ALL-AMERICAN UNEVEN BARS - 6-ACSYS CABLES**  
[5101-130]

**Equipment Features**

- Carboflex veneered fiberglass rails
- Gas spring assisted height adjustment
- Built-in levers on high bar uprights allow easy height adjustment without using a block
- Includes both American and FIG markings
- High Bar adjusts from 155 to 185 cm in 5 cm increments
- Cable attachment points efficiently allow bar adjustments without altering cable length
- Built to FIG, USAG and NCAA specifications
- Replacement Rail Recommended: P121-100A & 2204130

- 5101-120** All-American Uneven Bars with Standard Cables & Carboflex Rail
- 5101-130** All-American Uneven Bars with 6 Acsys Cables & Carboflex Rail
- 5101-140** All-American Uneven Bars with Standard Cables & New Fiber Rail
- 5101-145** All-American Uneven Bars with 6 Acsys Cables & New Fiber Rail

• See all rail options on page 22

**NEW!**

**TD-TENSIONING MEASURING DEVICE**  
[1760950]

**Equipment Features**

- Provides additional safety and a prevention of too high or too low cable tensioning
- When tensioning becomes too low or too high it is shown by means of a flashing light signal

"There's no secret at my lack of height, but with these All American Uneven Bars by SPIETH America, even I don't have to jump or use a block to set the high bar. There is an innovative gas spring system that makes it easy for the high bar to go up, and for the high bar to come back down. Not to mention that the gymnasts and coaches love them because the markings on the side are just like those in the American market."

**KIM ZMESKAL** | 2016 USOC Coach of the Year

**RECREATIONAL UNEVEN PRO BARS II**

[122PB-120]

**Equipment Features**

- Carboflex veneered fiberglass rails
- Widest bars on the market
- Cables attach to uprights allow bar adjustments without altering cable length
- High bar adjusts from 225 cm to 275 cm in 5 cm increments
- Low bar adjusts from 140 cm to 180 cm in 5 cm increments
- Width Adjustment from 107 cm to 216 cm in 4 cm increments
- Built to FIG, USAG and NCAA specifications
- *Cable covers are sold separately*

**122PB-130** Uneven Bars II with 6-Acsys Cables  
See rail options on page 15

**Optional Landing Mats**

<b>427</b>	7.5' x 12' x 20 cm (Folding)
<b>435</b>	7.5' x 12' x 12 cm (Folding)
<b>444</b>	3.25' x 6.5' x 2" (Sting Mat)
<b>417T</b>	5' x 10' x 8" (Tapered End Training Mat)

**FREESTANDING UNEVEN BARS**

[1383124]

**Equipment Features**

- Freestanding without tensioning for training
- Includes built-in transport system
- Quick adjustments
- Optimal tensioning cables
- Smoothly adjustable width from 130 cm to 205 cm in 5 cm increments

**5200-100** Landing Mat set for Freestanding Uneven Bars

**4140705** Men's Rails for Freestanding Uneven Bars (Optional)

**MAXIMIZERS**

[124]

**Equipment Features**

- Reduces required floor space by 40% over conventional layout
- Bases are mounted on the floor for extra stability
- Can be used with all uneven bars on the market that meet FIG specifications

### ADJUSTABLE SINGLE BAR TRAINER [5176-010]

- Easy assembly, dismantling and tension adjustment via load binders
- Rail height adjusts from the ground
- Rail adjusts from 95 to 275 cm in 20 cm, then 10 cm increments
- Ideal for training and learning
- Pair with spotting platform for ultimate training/coaching system (sold separately)

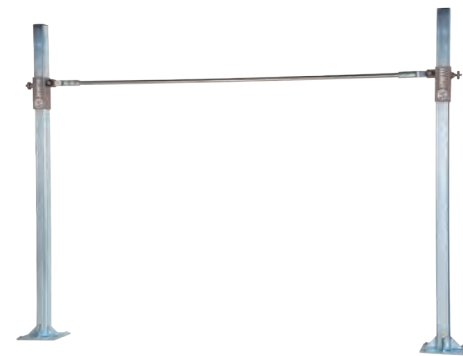

<b>5176-010-M</b>	Includes Men's Rail [GN3110]
<b>5176-010-WSOFT</b>	Includes Women's Soft Rail [GN3260]
<b>5176-010-WHARD</b>	Includes Women's Hard Rail [GN3262]

### METHODICAL TRAINING BAR [5177]

- Minimal floor space required
- Ideal for tight areas - no cables required
- Quick and easy height adjustment
- Rail adjusts from 14" to 6'5" in 3" increments

<b>5177-M</b>	Training bar with Men's Steel Rail [4140705]
<b>5177-W</b>	Training bar with Women's Fiberglass Rail [2202205]

### POLARIS QUAD BAR SYSTEM [4000]

- Ideal for training and learning
- Bases are anchored to the floor - no cables are required
- Rails adjust from 8" to 5'6" in 1" increments
- Available with 6' or 8' rails
- Mat systems are available for both lengths (6' & 8')

<b>4006</b>	Polaris Quad Bar with 6' Rails [CLEVIS 6]
<b>4008</b>	Polaris Quad Bar with 8' Rails [CLEVIS 8]
<b>4006M</b>	Polaris Quad Bar with 6' Rails (Includes Mats)
<b>4008M</b>	Polaris Quad Bar with 8' Rails (Includes Mats)

### MULTI-PURPOSE MAT [5186-001]

- Comprised of supple and shock absorbing foam
- Covered with soft elastic jersey
- Ideal for beam and bars training
- 38" W x 55" L x 3/4" H

### NEW AND IMPROVED ALL-AMERICAN SPOTTING PLATFORM [5175]

- Platform can tilt to accommodate upright angle
- Automatically retracts to upright position with gas springs
- Fits most round upright tubes on the market with correct adapter
- Each platform 27" X 27" holds up to 200 lbs

### SPIETH TRAINER PLATFORM [1490373]

- For uneven bars, high bars and over landing pits
- Anchored to floor and not attached to equipment
- Stairs can be positioned on any of the 3 sides
- Height adjusts from 57 1/2" to 75" in 4" increments
- Non-Slip platform is 47" x 20" and retracts automatically to upright position with gas springs

### SPOTTING BLOCKS

- Extremely firm and stable surface for spotter movement
- Includes handles to facilitate transportation around the gym

<b>CSB-1</b>	24" W x 60" L x 20" H
<b>CSB-4</b>	24" W x 30" L x 20" H

### ANTI-SKID MOUNTING BLOCKS

- Light weight and excellent tool for teaching approach technique
- Firm and ideal for mounts on beam and uneven bars
- New anti-skid material

<b>5006-010</b>	Half Size - 24" W x 36" L x 9" H
<b>5007-010</b>	Full Size - 24" W x 48" L x 9" H

Uneven Bar [P121-99A]

**CAST ANGLE GUIDE [5106-CAST]**

- Helps coach and gymnast visualize the angle of the cast based on color coded sections
- Easily attaches to most round apparatus tubes on the market
- Adjustable depending on bars setting to maintain vertical alignment with the rail

<b>Green</b>	15°	from	vertical
<b>Yellow</b>	30°	from	vertical
<b>Red</b>	45°	from	vertical

**WALL BRACKET FOR 166SW & 166W  
PIROUETTE BARS [166WB]**

- Wall Bracket for 166SW and 166W Pirouette Bars (set of 2 - shown with the 166W)
- Used to hold the pirouette bar or as a wall bar for conditioning.
- Brackets are available without pirouette bar.

**WIDE PIROUETTE BAR [166SW]**

- Fits over a 75' wide mat (mat sold separately [434]).
- Bar is made with competition uneven bar rail.

**PORTABLE PIROUETTE BAR [166W]**

- The Portable Pirouette Bar is a convenient tool to add a station for bar training.
- Bar is made with solid wooden rail.
- 43 3/4" L x 9 5/8" H

**WOODEN PIROUETTE BAR [166WDPB]**

- Bar is made with composite fiberglass rail.
- 51" L x 7 1/4" H

"Loving these new perfectly pink fiber rails that help our little ladies gain confidence while learning to swing. The small diameter is easier to grip. What a valuable tool!"

**KIM ZMESKAL** | 2016 USOC Coach of the Year

**ELLIE BLACK**

2018 Commonwealth Games

Product:  
Soft Touch Balance Beam [1414210]

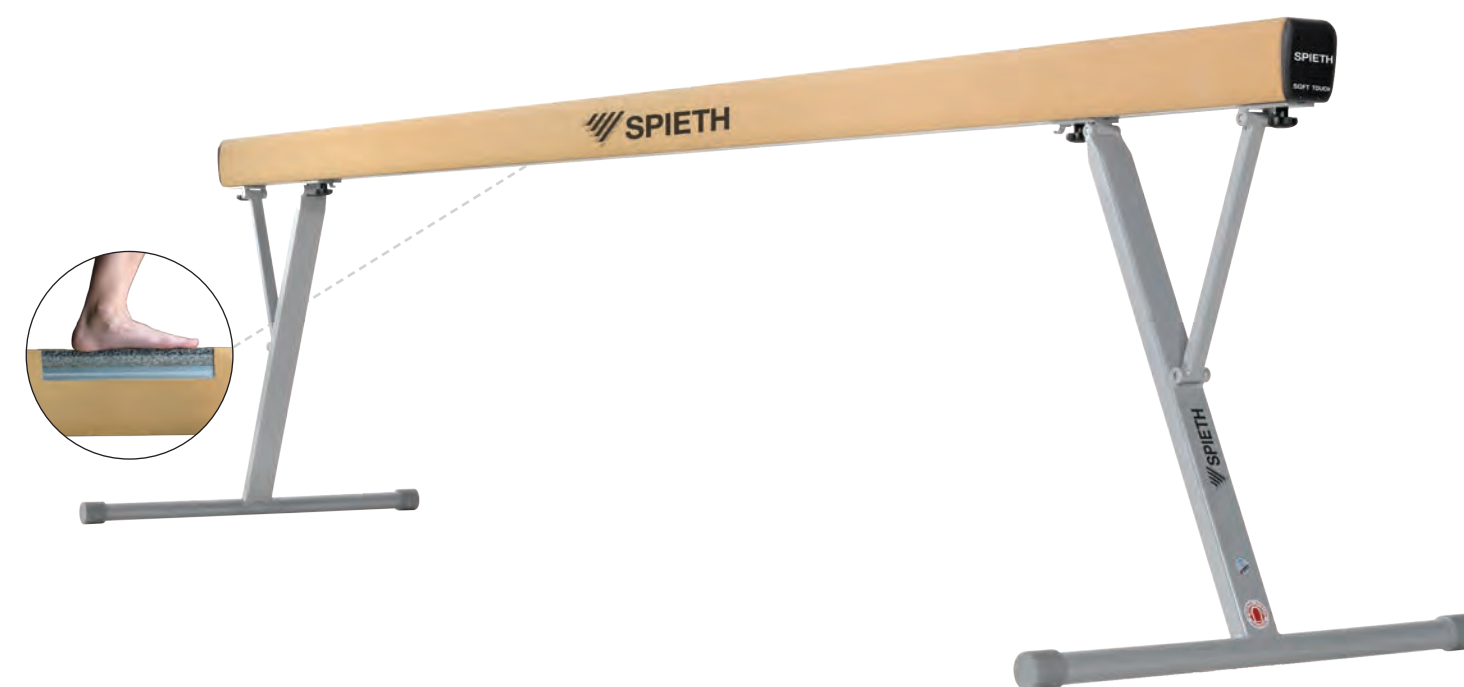

**INTERNATIONAL "SOFT TOUCH" BALANCE BEAM**

[1414210]

**Equipment Features**

- FIG Certified competition model
- Unique top layer technology combining shock absorbing "Soft Touch" landing with excellent stability
- Up to 50% decrease in measured impact forces
- Cover made of skin friendly and moisture absorbing paraskin offers enhanced grip
- Easy height adjustment from 75 to 125 cm in 5 cm increments
- Original System Reuther

**COMPETITION SAFETY PADDING**

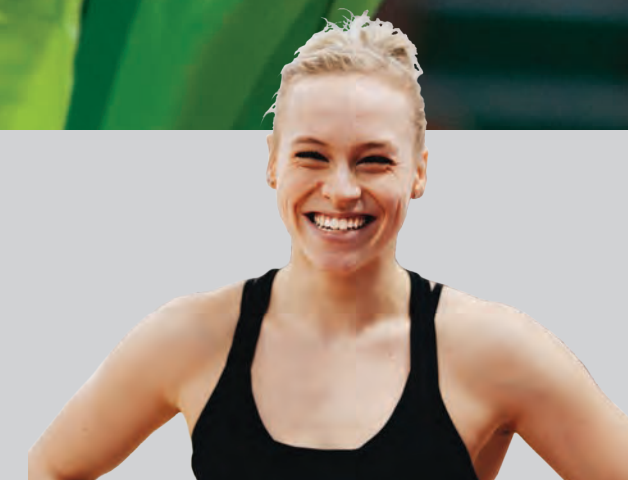

**1566074** Competition Safety Padding

Custom Landing Mats are Available. See Page 48-51

"The SPIETH Soft Touch beam is great for reducing impact which allows for more repetitions on higher level skills. It adds balance to my training by taking some impact off my body and keeping me excited for some fun on four inches!

Training skills with this beam also allows for familiarity and builds confidence for competitions worldwide."

**ELLIE BLACK** | 2 x Olympian

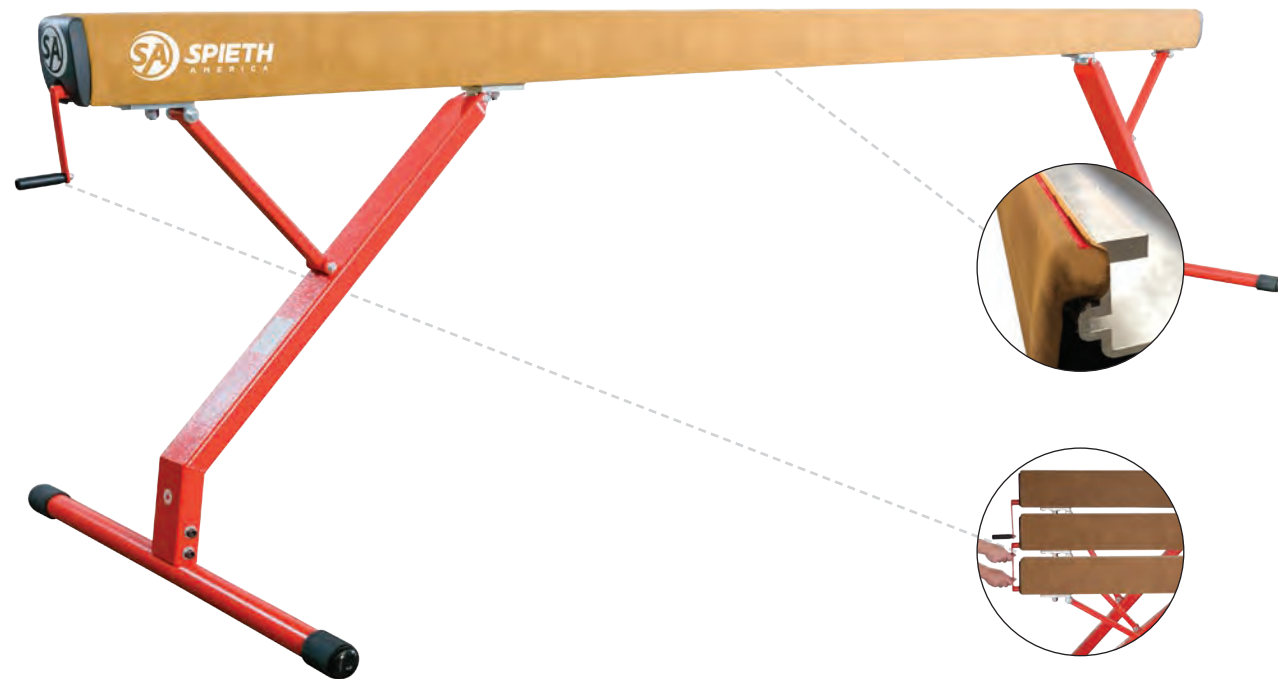

**NEW!**
**COMPETITION PERFORMANCE SERIES CRANK BEAM II**

[5121-120]

**Equipment Features**

- Only one of it's kind in the world meeting FIG and USAG specifications
- Entire beam adjusts with a removable crank handle
- New and improved cover upholstery with bungee cords for increased longevity and optimal cover tension
- New soft caps improve safety
- Continuous height adjustment from 65 cm (25 1/2") to 132 cm (52")
- Angled legs keep base firmly on the floor at lowest setting

**5121-335** 12' Crank Beam also available

**BALANCE BEAM LEG PADDING**

For Crank Beam [5121-120/5121-335]

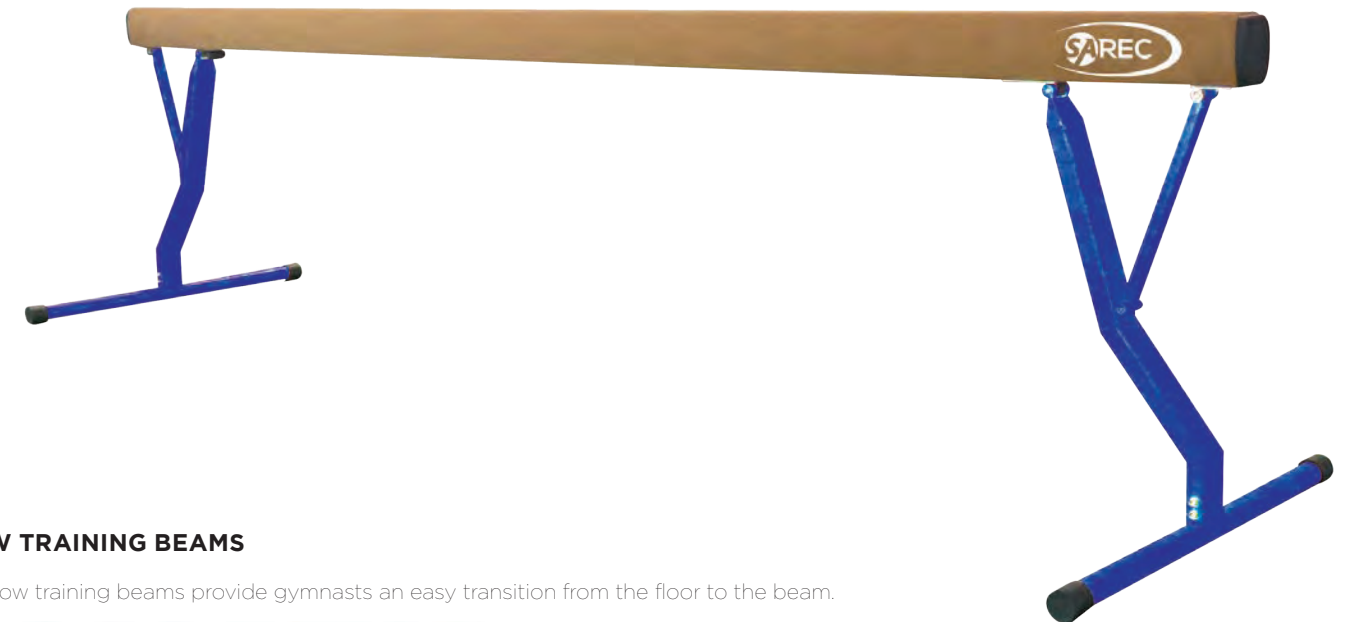

<b>605A</b>	Beam Leg Upright Pads (pair)
<b>606-BP12</b>	12 cm Folding Beam Legs Base padding (Set of 4)
<b>606-BP20</b>	20 cm Folding Beam Legs Base padding (Set of 4)
<b>606</b>	Single Cutout Beam Base Pad, 7.5' x 11" x 12 cm (pair)
<b>606I</b>	Single Cutout Beam Base Pad, 7.5' x 11" x 20 cm (pair)
<b>606-BPVF</b>	Super wide Hook and Loop Flap (for use with 606-BP12 & 20)
	Double cutout beam base pads also available

**RECREATIONAL SA REC BALANCE BEAM**

[REC-5121]

**Equipment Features**

- Reinforced aluminum body with non-slip padded top surface
- Upholstered with bungee cords for increased longevity and optimal cover tension
- Equipped with a quick and easy adjustment for setting the height of the beam
- Combination of cost effectiveness and durability of this balance beam makes it the perfect addition to every gym
- Angled legs keep bases firmly anchored to floor at lowest setting
- Height flawlessly adjusts from 65 cm (25.5") to 132 cm (52")
- Built to FIG specifications

**LOW TRAINING BEAMS**

Our low training beams provide gymnasts an easy transition from the floor to the beam.

**WIDE TRAINING BEAM**

- 8" W x 86" L x 11" H

**12' STEEL TRAINING BEAM**

- 4" W x 12' L x 13" H
- Light and easy to move around
- Non-adjustable beam legs

**16' COMPETITION TRAINING BEAM**

- 4" W x 16' L x 13" H
- Protective cushioning, length and profile are similar to our crank beam
- Non-adjustable beam legs

\*Customize padding to fit your gym!

## REMOVABLE BEAM COVER (PATENT PENDING)

[GN3652]

### Equipment Features

- Practical way of extending the lifespan of your beam
- Cover attaches using hook-and-loop strips and PVC retaining rings allowing the tension to be adjusted as needed
- Cover is identical to a standard beam body with stretch fabric end caps
- Fresh look without the hassle and expense of other traditional recoveries
- Compatible with different brands of balance beams
- Ideal for stationary beams
- Easy to install

### KIM ZMESKAL APPROVED

Head Coach of Reagan Smith  
at Texas Dreams Gymnastics

"Amazingly impressed with this Spieth America Beam Cover! Fits over any beam, takes less than 30 minutes to install, and has been Reagan's beam of choice since we've had ours!"

## MULTI-PURPOSE MAT [5186-001]

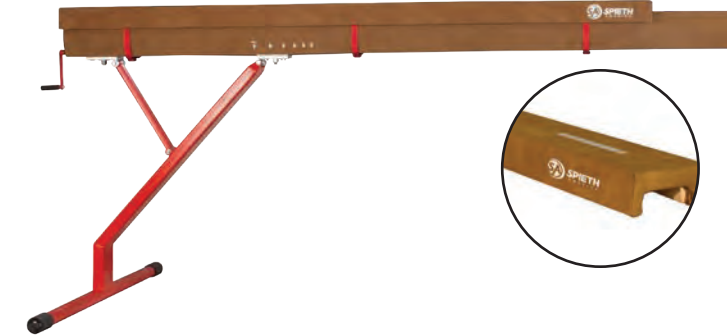

- Comprised of supple and shock absorbing foam
- Covered with soft elastic jersey
- Ideal for beam and bars training
- 38" W x 55" L x 3/4" H

## BEAM SURFACE EXPANDER [189]

- Can be used on the floor or on any beam meeting FIG specifications
- Essential training tool for every gymnastics program
- Two expanders equal length of competition beam
- 8" W x 8'3" L

**189W** Beam Surface Expander with washable cover (not shown)

## BEAM TRAINING PAD [5126-001]

- Wraps around any beam meeting FIG specifications with hook and loop fastener
- Provides a softer surface for extended training sessions
- 4" W x 42" L x 5/8" H

## FOAM LEARNING BEAM [5126-002]

- Comfortable and stable
- Two beams can be linked to each other by hook and loop fasteners
- Includes anti-skid vinyl bottom
- 6"- 9 1/2" W x 98 1/2" L x 4" H

## LASER LEARNING BEAM

- Easily transported to various locations
- Very stable
- Clearly marked lines and numbers teach gymnasts how to shift their balance during different phases of various skills
- Includes hook and loop fasteners to connect two units
- 7" W x 2" H

**VTL-DPC-8** 8' Laser beam LITE

**VTL-DPC-16** 16' Laser beam PRO

World Championships | Stuttgart, Germany

**INTERNATIONAL "MOSCOW" FLOOR EXERCISE**

[1790750]

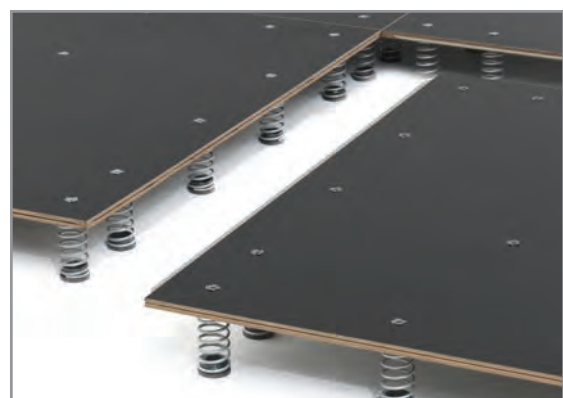

Top international and competition free exercise spring floor with a new 'Spring & Security System'.

Features a very high resilient and fast response time with optimal shock absorption during landing and increased comfort

Sub-construction made of:

- 15 mm high quality finished water resistant coated plywood with new spring system reinforcing optimal rebound
- Resilient coupling strips with tension straps to lock sections
- Seven 14 m x 2 m x 7 cm floor mats covered with needle fleece carpet, linked with 6 "Duo Hook and Loop" straps.
- 14 m x 14 m [1790750] or 13m x 13m [1790759]

**GUSTAVO MOURE**

Olympic Coach

"Spieth America equipment collectively is the best of all brands. Spieth products are long lasting and as durable as the brands that have heavy and hard equipment but are also very soft and bouncy like the European brands which add protection to the joints and health of the athletes resulting in a better performance."

### COMPETITION 2-LAYER SPRING FLOOR

The 2 Layer Spring Floor is an original Spieth Anderson design using top grade springs and premier Russian birch in an overlapping configuration to eliminate soft spots.

#### Equipment Features

- 4 1/4" x 2" diameter coil steel springs designed to provide soft compression and maximum lift
- Molded plastic retainer caps on each end help disperse landing impact and protect gym floors
- Springs are evenly positioned on each floor panel
- 42' x 42' floor bottom requires no foam perimeter when used with the standard 7 roll carpet bonded foam floor top

### ARTISTIC GYMNASTICS

**147A-42** 42' x 42' Pre-installed, sprung deck

**AEROBIC & RHYTHMIC GYMNASTICS**

**AEROBIC FLOOR "BAKU"**

The SPIETH aerobic floor "Baku" is an advanced development of the "Ulm" and meets the highest requirements for competition training.

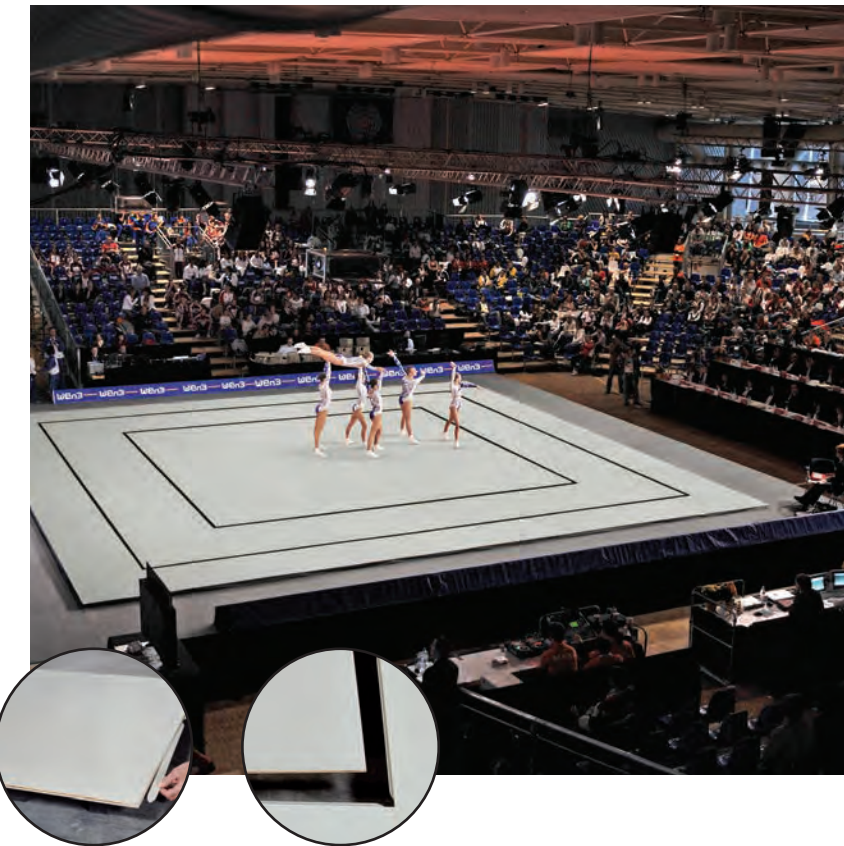

**Equipment Features**

- The active elasticity and shock-absorption and coordinated in order to reduce impact forces and to protect joints
- Basic panels are connected by means of flexible plastic slats, ensuring an easy and quick installation
- Consists of multi-layer high pressure glued wooden panels with a top layer developed especially for Aerobics.
- 12m x 12m, 7.5cm in height

**AEROBIC GYMNASTICS**

- 147C-42** 42' x 54' Cheer Preinstalled, sprung deck
- 147CC-42** 42' x 54' Cheer Unsprung deck

**RG-COMPETITION FLOOR "BEIJING"**

**Equipment Features**

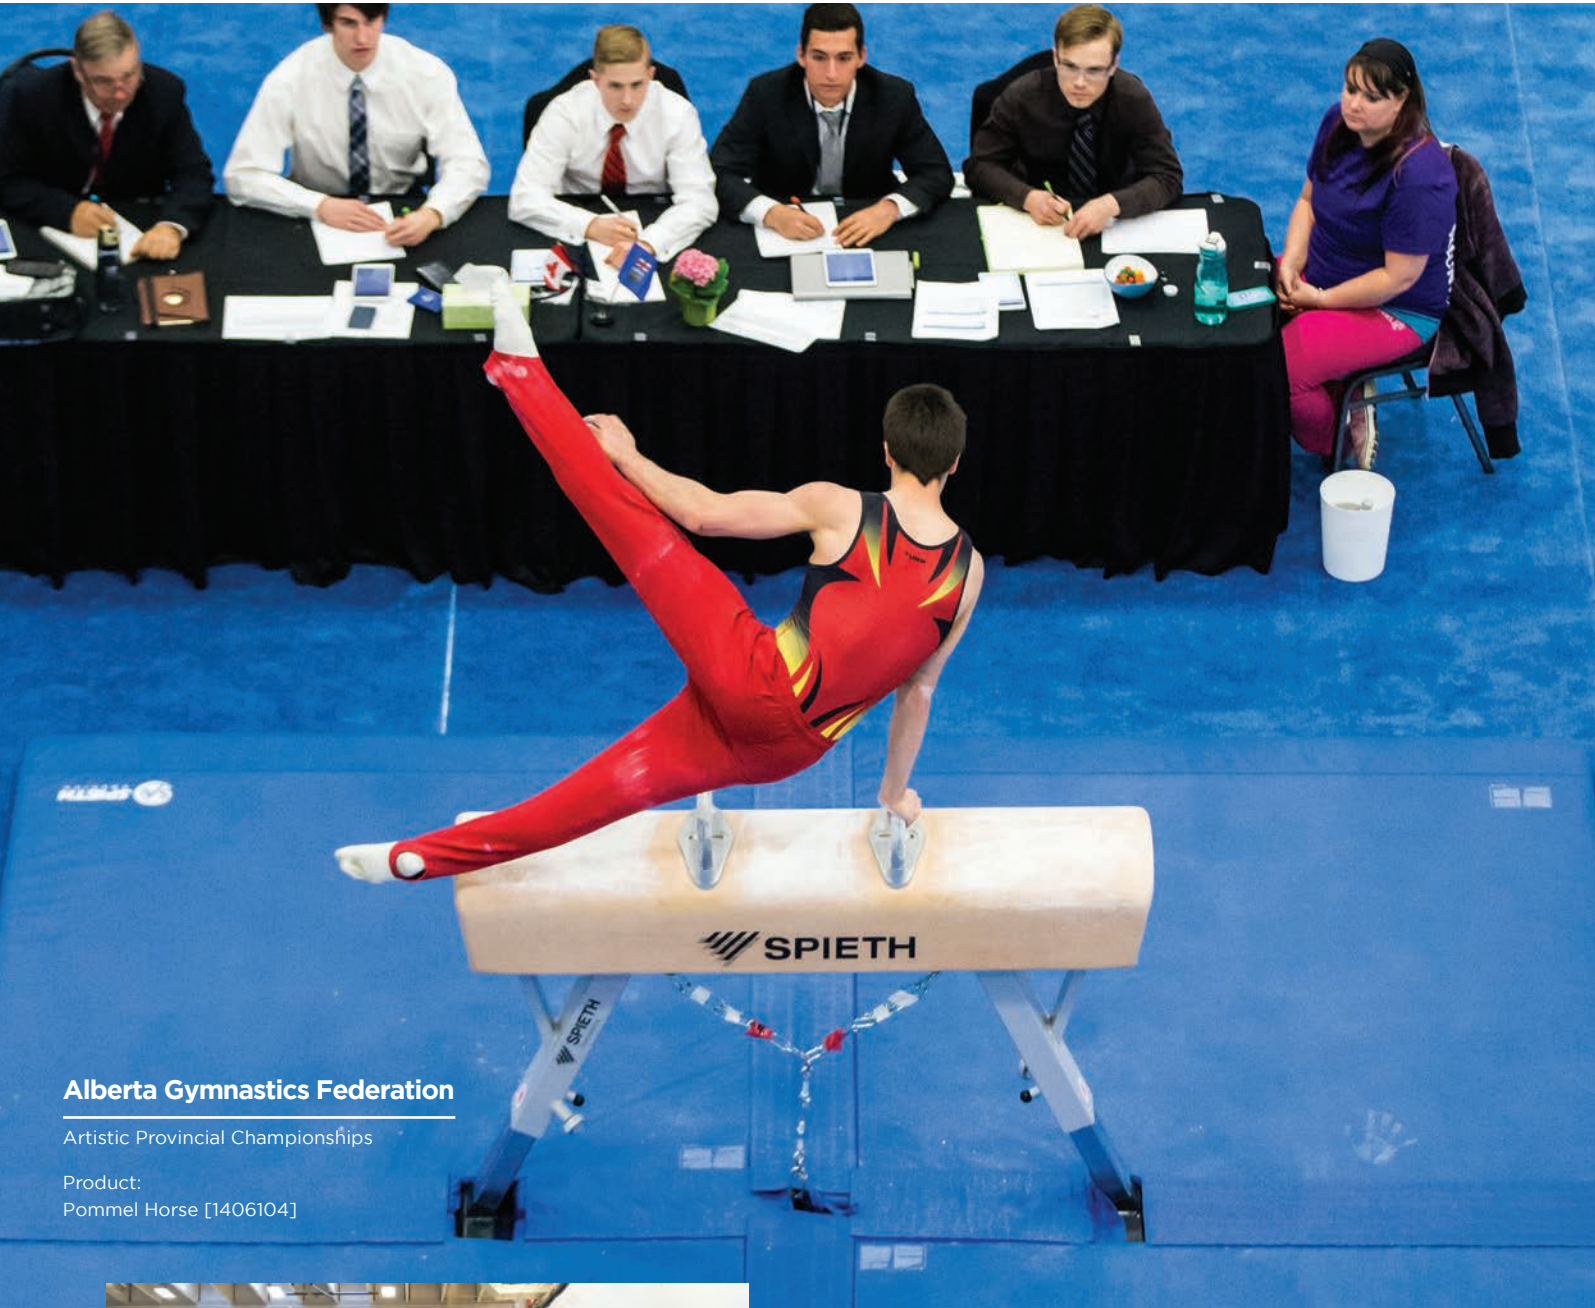

- Shock absorbing substructure is created using 121 panels, covered with compensation panels with additional fiberglass mesh on top. Connected using hook and loop tape.
- Foam elements incorporated for additional shock absorption.
- Includes red boundary hook and loop

**RHYTHMIC GYMNASTICS**

- 1790580** 14m x 14m RG-Competition Floor "Beijing"

Product:  
"Berlin" Ring Frame [shown below]  
SPIETH America 2 Layer Spring Floor [147A-42]

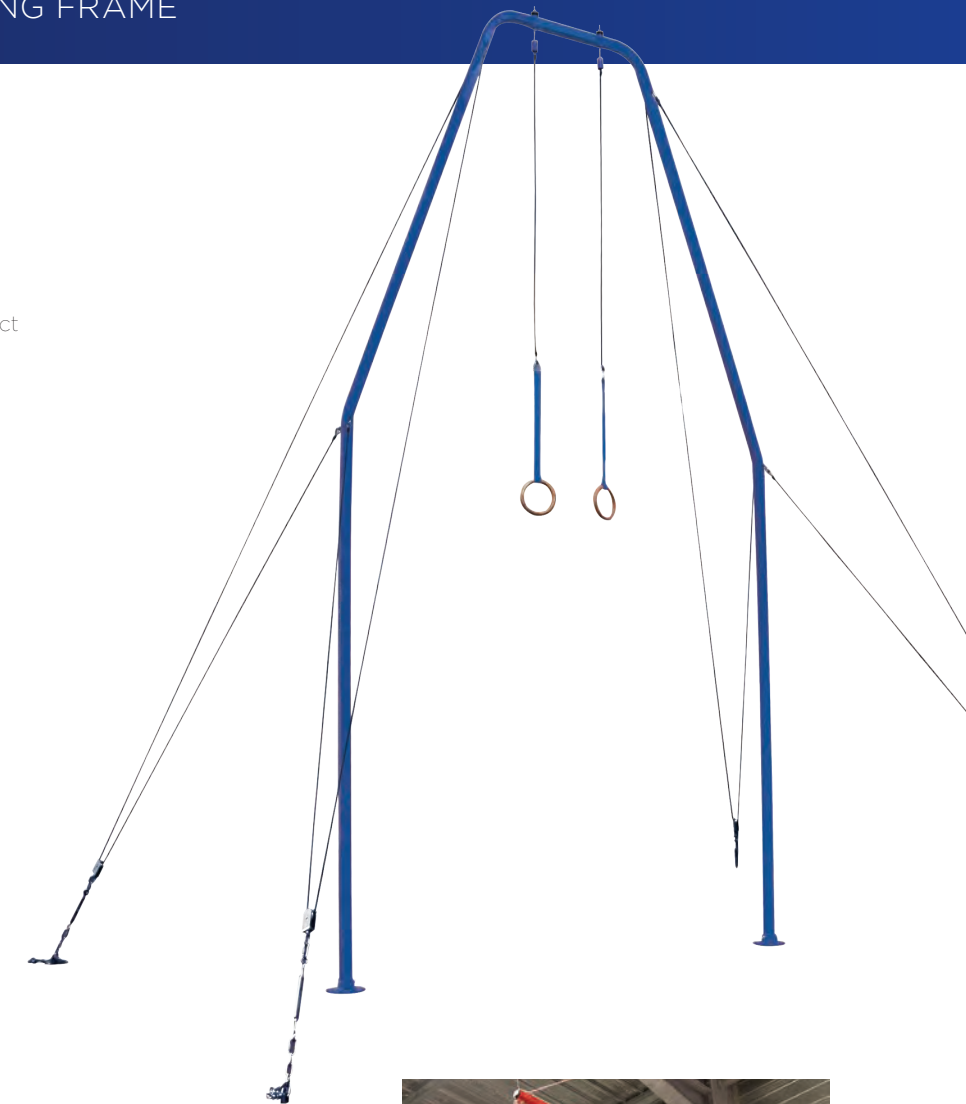

**NEW!**

**RECREATIONAL SA REC RING FRAME**

[REC-5151]

**Equipment Features**

- Light weight, easy to assemble and transport
- Includes rubber shock absorbers to reduce impact on athletes' shoulders and back
- Plywood rings attach to non-stretch straps, with plastic encased aircraft grade cables.

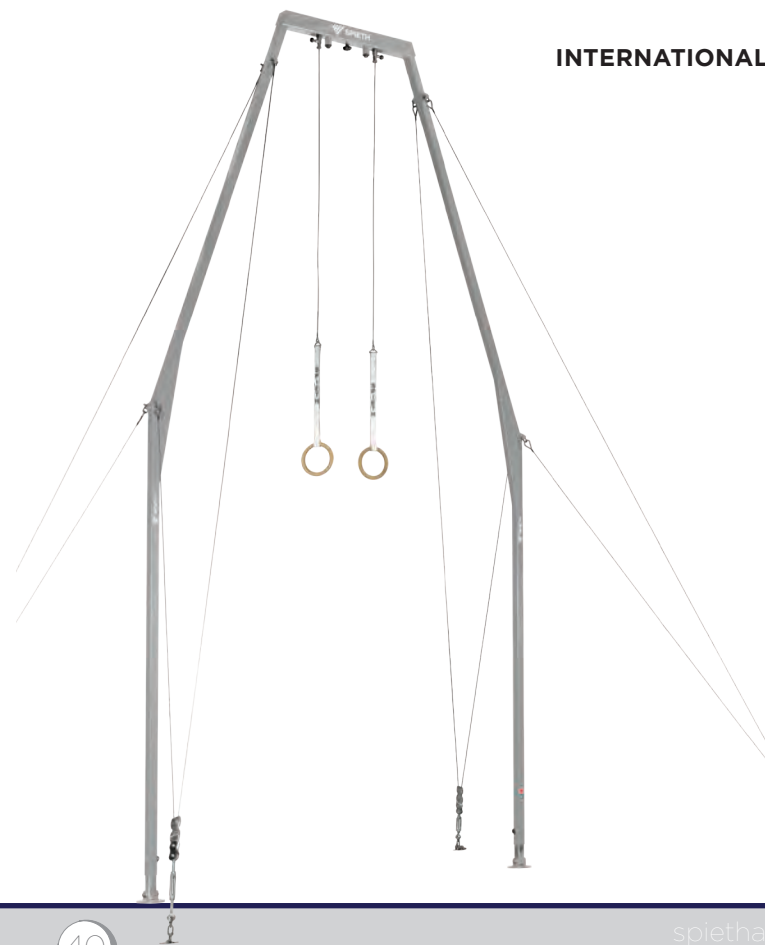

**INTERNATIONAL "BERLIN" RING FRAME**

[1384034]

**Equipment Features**

- Improved frame and double tensioning system
- Unique shock absorption system reduces impact on joints and peak forces
- Plywood rings, heavy duty straps and steel plastic-encased cables
- Height adjusts from 275 cm ( 108 1/4") to 302.5 cm (119") in 2.5 cm (1") and 5 cm (2") increments
- Minimum ceiling height required is 620 cm (20'4")
- Used at 2016 Rio Olympic Games

**WALL MOUNTED RINGS [GN3750]**

- Wall mounted, folds away sideways
- Height adjusts from 20 cm (8") to 280 cm (110 1/4")
- Rings included

**CEILING HUNG RINGS [108]**

- Ideal solution for limited space
- Includes a pair of swivels, cables and heavy duty nylon straps with plywood rings
- Attaches to beam clamps (Sold separately [1101])

**INTERNATIONAL MELBOURNE PARALLEL BARS**

[1403110]

**Equipment Features**

- Stable in all directions
- Patented 2 fold secured clamping jaw lock
- Pretensioned high frequency rails with veneer finish [included] provide optimal resilience and equal elasticity
- Height adjustment from 160 cm (63") to 210 cm (82 1/2") in 5 cm (2") increments
- Width adjustment from 41 cm (15 3/4") to 71 cm (27 1/2") continuously
- Is used at the 2019 World Artistic Gymnastic Championships in Stuttgart Germany

Height Adjusting Locking System

Nickle-Plated Sliding Tubes and Cast-Iron Precision Clamp

**NEW!**

**RECREATIONAL SA REC PARALLEL BARS**

[REC-5161]

**Equipment Features**

- Designed for all competition levels
- Pretensioned high frequency glued wood rails with fiberglass inserts provide optimal resilience and equal elasticity
- Height adjusts from 165 cm (67 3/4") to 210 cm (82 2/3") in 5 cm (2") increments
- Width adjusts from 40 cm (15 3/4") to 70 cm (27 1/2")

Height Adjusting Locking System

Height Adjusting Handle

"The Spieth Parallel Bars are my favorite bars of all time, grip is so much easier on the wooden rails and the bounce of them give way more room for high flying elements.

The changing of the width is so much easier with the pull and twist handles as well, making efficient prep time when you only have a minute before a competitive routine"

**SAM MIKULAK** | 2 x Olympian

**STEEL PARALLEL BAR TRAINERS**

- Extremely stable but lightweight and easy to move
- Includes protective footpads
- Shown with optional base padding (165-LBP).

**165-12** 18" W x 12" H

**165-18** 18" W x 18" H

**165-24** 18" W x 24" H

Product:  
"Stuttgart" Horizontal Bar [1384214]

**INTERNATIONAL "STUTTGART" HORIZONTAL BAR**

[1384214]

**Equipment Features**

- Includes "break-proof" stainless steel rail with built-in pretensioned steel cable
- Reduces vibrations by half and provides a predictable reaction on dismount
- Rail tension is consistent, even with normal wear
- Height adjusts from 265 cm (104 1/4") to 310 cm (122") in 5 cm (2") increments
- Used at 2016 Rio Olympic Games

"Break-Proof" Stainless Steel Rail

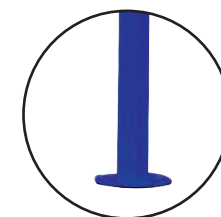

**NEW!**

**RECREATIONAL SA REC HIGH BAR**

[REC-5171]

**Equipment Features**

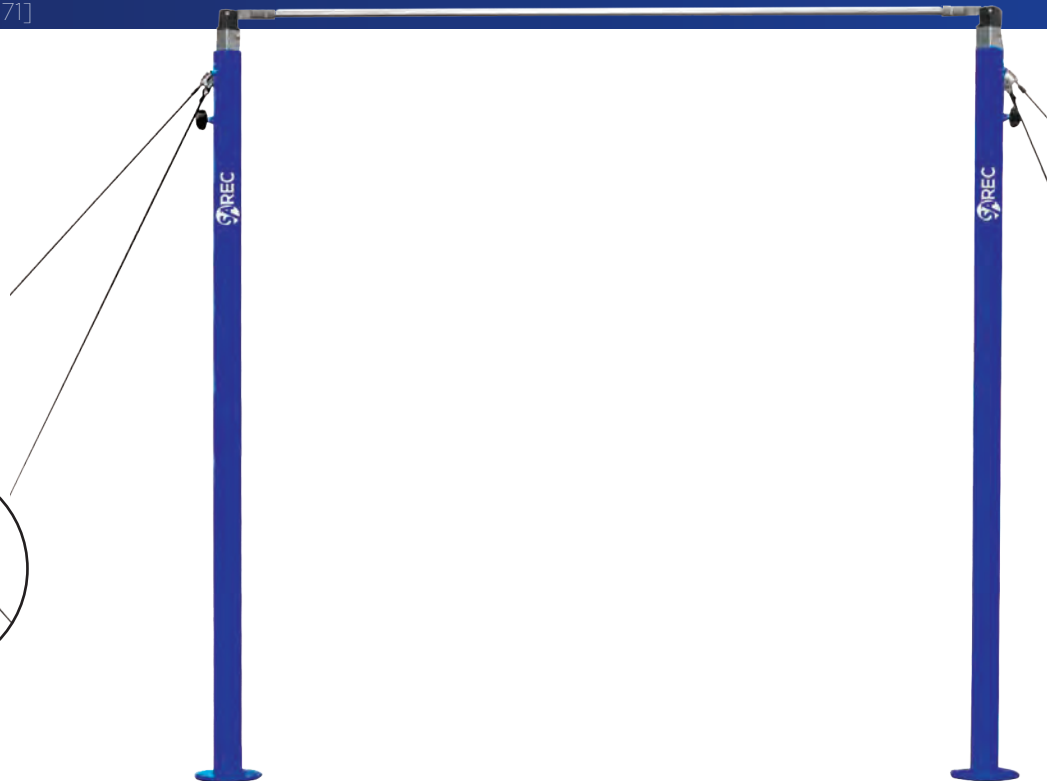

- Includes two rotation axis rail heads designed to provide a perfectly jolt free "gimbal" effect
- Easy to assemble and dismantle via load binders
- Height adjusts from 275 cm to 315 cm
- Anti-slip footpad

Anti-Slip Footpad

Rotation Axis Rail Heads

"The Spieth High Bar is the best in the business. The bounce of the bar is very reliable for the big releases giving us athletes all the more confidence when in a high pressure situation."

**SAM MIKULAK** | 2 x Olympian

**ULTRA DOMES**

- Excellent training tool for beginner level athletes
- Stable but light enough to move around the gym for training station
- 30" Diameter x 13" H

**GT-100** Ultra Dome without Pommel

**GT-200** Ultra Dome with Pommel

**EUROPEAN POMMEL TRAINER [1395024]**

- Mushroom 100 cm (39.25") without pommel
- Functional grip
- Seamless
- Ergonomic shape
- 48 cm high
- Promotes correct leg position

**SINGLE POMMEL TRAINER [1395018]**

- Mushroom 60 cm (23 1/2") with one synthetic pommel
- Functional grip
- Ergonomic shape
- 48 cm (18 3/4") high
- Promotes correct leg position

**DOUBLE POMMEL TRAINER [1403314]**

- Helps transition from mushroom to horse
- Leather-covered body
- Includes competition pommels
- Large rubber covered base for optimum stability
- Does not require extra rubber edging, no floor damage

**HANDSTAND BOWL [1384168]**

- Training aid for rings handstand
- Next phase following the handstand swing
- Grips in correct position for rings
- For perfecting the stance
- Simple correction by the trainer
- Moves in all directions
- Can be used as a dome

**HANDSTAND SWING [1384164]**

- Training aid for rings handstand
- Next phase following the wooden handstand aids
- Grips in correct position for rings
- For perfecting the stance
- Simple correction by trainer
- Moves in one direction only

**FIFTY-FIFTY EQUIPMENT [1403250]**

- Includes pulley set, cord and rings
- Promotes faster and easier training of ring positions
- Facilitates training assistance
- Ideal for methodical training
- For use with Somersault Belt and ceiling fixation (sold separately)

**PORTABLE RINGS [1384175]**

- With straps to hang onto parallel bar rails
- Straps' height is adjustable
- Ideal for methodical training

**BEAM CLAMP [1101]**

- Fits I-Beams and open web joists from 3 7/8" to 13 1/2" and up to 3/8" thick
- Sold individually
- Supports ceiling hung rings (sold separately [108])

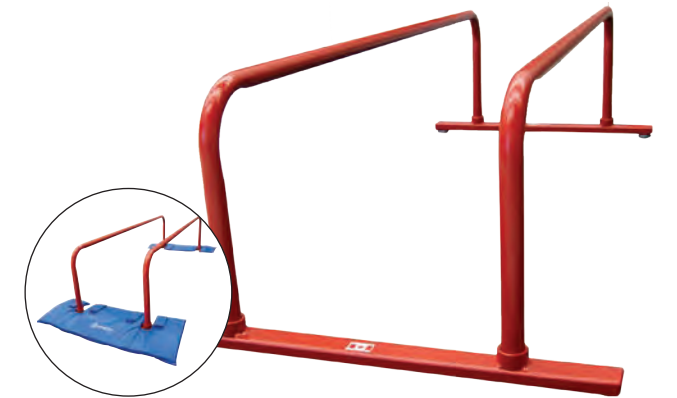

**STEEL PARALLEL BAR TRAINERS**

- Extremely stable but lightweight and easy to move
- Includes protective footpads
- Shown with optional base padding (165-LBP).

**165-12** 18" W x 12" H

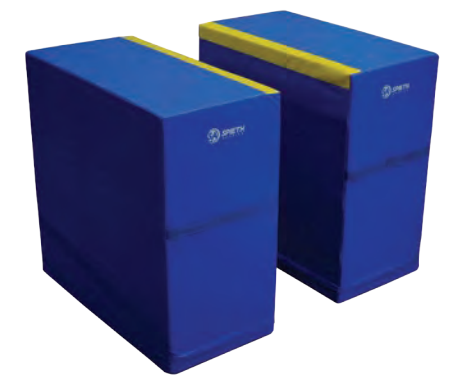

**165-18** 18" W x 18" H

**165-24** 18" W x 24" H

**FOAM PARALLEL BAR TRAINER [167]**

- Beginner tool for the development of competition parallel bars
- Yellow portion indicates rail area
- Each block is 24" W x 48" L 48" H

**WIDE PIROUETTE BAR [166SW]**

- Fits over a 7.5' wide mat (mat sold separately [434]).
- Bar is made with competition uneven bar rail.

**PORTABLE PIROUETTE BAR [166W]**

- The Portable Pirouette Bar is a convenient tool to add a station for bar training.
- Bar is made with solid wooden rail.
- 43 3/4" L x 9 5/8" H

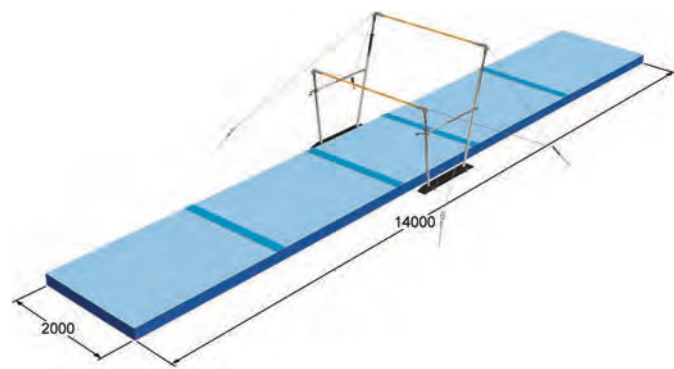

**FIG Designed International Landing Mats - For Use in Mat Sets**

These high-quality mats are designed to be used in a set with our INTERNATIONAL apparatus line of products in order to meet the FIG Standards for competition landing set ups. Contact us for COMPETITION apparatus line mat sets.

<b>S1740523</b>	40 cm (15 3/4") x 500 cm (16'5") x 10 cm (4")

**AIR MAT/AIR FLOOR PRESSURE GAUGE [1740110]**

Clear display of air pressure. Comes with a storage bag.

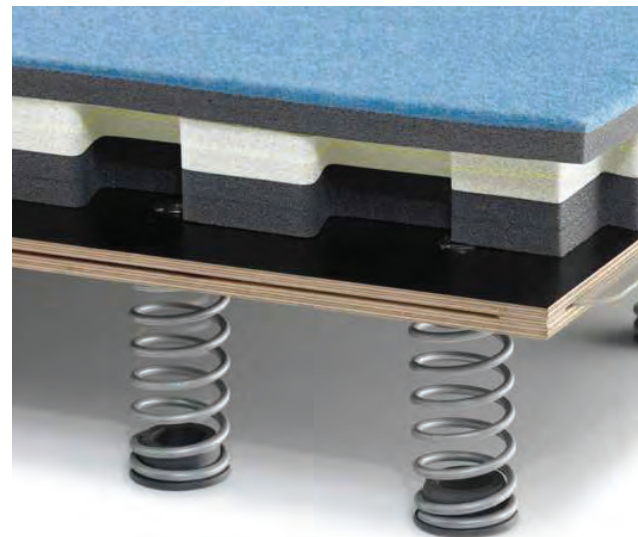

**INTERNATIONAL**

**"MOSCOW" TUMBLING TRACK**

- New 'Spring and Security System' optimizes rebound
- High performance base with tensioning straps to lock the sections in place
- High quality foam layer for fast response and increases landing comfort
- Height of 20 cm and connects to our Moscow floor for perfect integration
- Suitable for all ages and performance levels

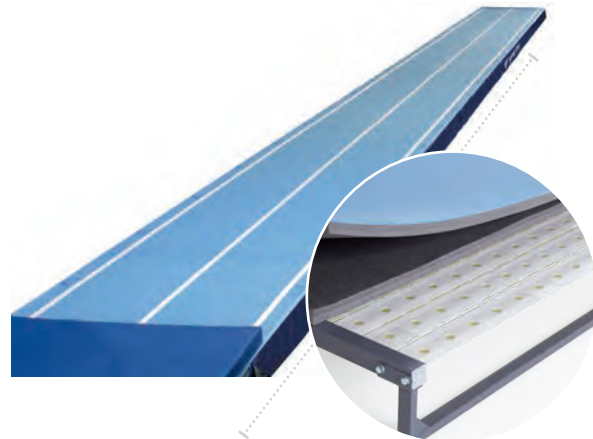

<b>1790762</b>	12 m, 10 elements
<b>1790770</b>	14 m, 12 elements
<b>1790760</b>	18 m, 15 elements

**TUMBLING TRACK 'SPIETHWAY III'** [1790210]

World class materials provide highest elasticity and reduce the arising strength peaks in the best possible way. Particularly suited as a tumble strip for training centers. Other lengths available upon request.

- Solid steel frame with fiberglass rods and plastic adapters for better pressure distribution, consisting of 21 elements of 4' (121 cm) x 6.5' (200 cm) each
- Covered with multi-layer, overlapping floor exercise mat "TRIFLEX®" with integrated grid material providing additional protection and durability of the mat
- Total length is 83' 4" (25.41 m)

**FIBERGLASS ROD FLOOR** [MA-06040]

- 4'x6' section(s)
- Easy to assemble; easy to replace worn or damaged parts
- Tubular fiberglass rods ensure no "lock-up" when tumbling
- Each steel frame section is 8'(20 cm) high, 6' (1.8 m) wide and 4' (1.2 m) long
- Increased safety; less injury
- Recommended to pair with 1 3/8" Carpet Bonded Foam & 2" Foam (sold separately)

[MA-06040]

**RAS-RUNUP**

Rod Floor Run-Up

13' x 6' steel frame construction with plywood. 6 sections needed to create full Rod Floor Run-Up. Carpet Bonded Foam sold separately. (177-125).

**RAS100-RF**

Rod Floor Section

Carpet Bonded Foam and Foam Only. sold separately. See page 42-43.

[RAS-RUNUP]

**TUMBL TRAK** [VTL-21-10]

The Original Tumb Trak is the "must have" training tool designed for increased repetition of tumbling and gymnastic skills by decreasing stress on limbs and joints. Used from beginner to elite levels, it allows athletes to learn and perfect new skills and progressions.

- Available in 20' - 60' lengths in 10' increments
- 10" wide pads with 18 oz knife coated vinyl and 1" thick EVA foam
- Bed is 60" wide black polypropylene bed with 6" tight coil

**FRAME BAR BY TUMBL TRAK** [VTL-TT-TB]

- Allows gymnasts to practice handstand skills, uprisers and several release moves
- Easily attaches and detaches to the Tumb Trak with steel knobs (no hardware required)

**Alberta Gymnastics Federation**

T&T Provincial Championships

Product:  
T&T Landing Mats [shown below]  
Double Mini Trampoline [T23200]

**T&T LANDING MATS**

**DM-LDG** Double Mini Landing System  
Includes four Landing Mats [TT-51012] and one Landing Zone [DM-LDGZONE]

**RF-LDG** Rod Floor Landing System  
Includes four Landing Mats [TT-51012] and one Landing Zone [RF-LDGZONE]

**TT-51012** Rod Floor or Double Mini Landing Mat  
5' x 10 x 12'

**FR-LDGZONE** Rod Floor Landing Zone  
6 1/2' x 13' yellow landing zone connects to the 10' x 20' landing mats at the end of the rod floor

**DM-LDGZONE** Double Mini Landing Zone  
Red penalty zone and yellow landing zone area designed to be used at the end of a power tumbling rod floor. One end of the penalty zone Hook and Loops to the end of a rod floor and the other end hook and loops to the yellow zone

**REBOUND PRODUCTS 7' X 14' OVAL TUBE NON-FOLDING TRAMPOLINE [DR-NONFLDTRAMP]**

- Incorporates a three corner bracing system for ultimate support
- 90 degree corners
- Increased stability with an extra wide stance and no hinges
- Complete unit comes with Dave Ross 2 string bed, springs, pad lifter system, frame clips and padding

[DR-7X14]

**REBOUND MODIFIED 7' X 14' ULTIMATE FOLDING TRAMPOLINE [DR-7X14]**

- Created by Rebound Products and Eurotramp to produce the Grand Master Ultimate
- Includes Dave Ross string bed, springs, pad lifter system, frame clips, lifting roller and padding
- Modified frame for improved performance

[5006-110]

**MINI-TRAMPOLINE**

**5006-110** Mini-Trampoline

Frame size is 120 cm (47 1/4") x 120 cm (47 1/4")  
Bed is 60 cm (23 5/8") x 60 cm (23 5/8")

**DR-MINI** Rebound Mini-Trampoline

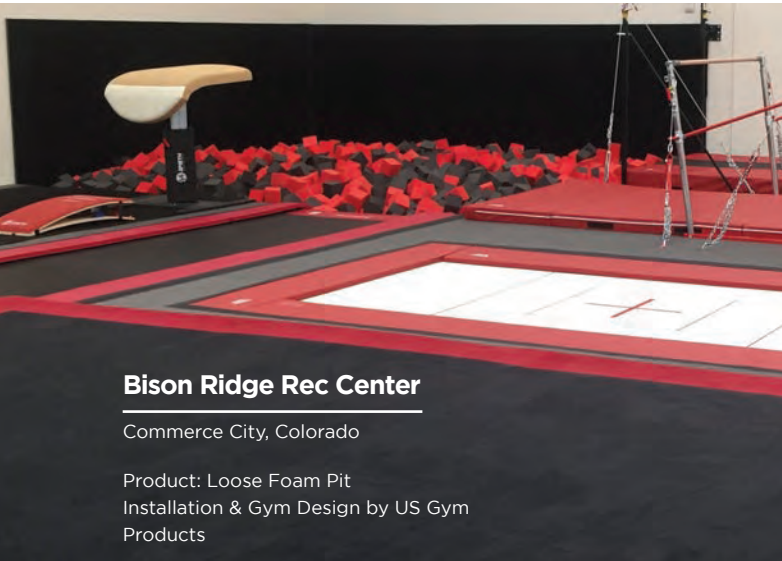

[DR-MINI]

**DOUBLE MINI-TRAMPOLINE [T23200]**

All new Rebound DMT with 6 mm web bed or Dave Ross 2 string. Both include tapered, thick frame pads and, long life springs. This new frame is the same height, angle, and spring count as other competition frames but features stronger legs with bracing, chains replacing all shock cords to the legs. A more stable frame, with more durable legs at a lower price.

**LOOSE FOAM & IN-GROUND PITS**

Spieth America offers customized loose foam, in-ground resi pits.

The foam pit trampoline frame is constructed of angle iron with 1/4" round rod, zig-zag wire welded on for spring attachment and pre-drilled with holes for easy attachment to pit walls. Wedge bolts are also available for your convenience to use with trampoline pit frames when anchoring into concrete walls. The bed is made from polypropylene material. Spring attachments are spaced approximately 4 1/4" apart and set back from the edge leaving a flap to go over the top of the springs. The flap has holes approximately every two feet so it can be secured in place. Pit Edge padding is either carpet bonded foam or vinyl draping. Custom solutions are available.

The foam cubes come in two sizes - 6" or 8". The pit edge padding consists of the same material as our Carpet Bonded Foam (see page 43). Each panel is 6' long and 2" or 1 3/8" thick and secure to the wall with a contact adhesive. Sections come precut flat for easy use and installation.

**IN-GROUND TRAMPOLINES**

In-ground trampolines are level with the floor or pit and are available in 7' x 14' with a black poly bed or Dave Ross String Bed. Full pads and 120 springs are included.

**UAI-IGT-BPB** 7' x 14' with Black Poly Bed

**UAI-IGT-DRB** 7' x 14' with Dave Ross String Bed

**PIT EDGE PADDING**

- 151** Pit Edge Padding 6' x 3' x 1 3/8"
- 151A** Pit Edge Padding 6' x 3' x 2"

<b>CDR-3</b>	24" D x 30" L Drum, Blue
<b>CCR-1</b>	Pair of Cradles, 1 Red and 1 Blue

**ROCK 'N' ROLL [CRR-1]**

**Includes:**

- System includes two 12" x 30" rolls, two 18" x 30" rolls and one 24" x 30" roll
- Logs are securely held together by a strap system
- Blue/Yellow/Red

**DONUT HALVES & STUFFERS**

<b>CHRD-1</b>	15" x 48" Diameter, 15" x 26" D Green/Yellow/Red/Orange
<b>CHRD-2</b>	18" x 52" Diameter, 18" x 30" D Blue/Light Blue/Red
<b>CHRD-3</b>	30" x 52" Diameter, 30" x 30" D Blue/Red/Yellow/Green/Orange
<b>CHRD-4</b>	30" x 59" Diameter, 30" x 36" D Blue/Yellow/Red

**ROLLER TUNNEL [CRT-1]**

**Includes:**

- Roller is 30" L x 22" D
- Stuffer is 30" L x 13" D

Shown with Rainbow Mat (481VEOR), sold separately

### DISCOVERY PLAYLAND [CDP-1]

A combination of some of our most playful and exciting developmental training tools. This obstacle or circuit course provides a wealth of challenges! The perfect setting to promote agility and strength, balance and coordination.

Includes:

- 1 Big Valley (CBV-1)
- 1 Foam Steps (CCS-1)
- 1 Monkey Barrel (CMB-1)
- 1 Little Thumper (338)
- 1 Junior Zoid (CVB-2)
- 1 Mailbox (CMBX-1)
- 1 Foam Dome (CFM-1)
- 1 Mini Mountain Climber (CMC-5)
- 1 Fun Cube (CFC-1)
- 1 Donut Stuffer and Half (CHRD-2)
- 1 8" x 52" Diameter, 18" x 30" Diameter
- 1 Incline (CHIM-1) 24" W x 48" L x 14" H
- 1 Rainbow Mat (48IVEOR)
- 1 Panel Mat 6' x 12' x 11/4"

### TIDBIT PLAYLAND [CTB-7]

The Tidbit Playland offers a variety of circuit set-ups to teach balance, coordination and fundamental skills from preschool to recreational classes. The blocks can be stacked to create stairs and assist smaller gymnasts onto apparatus or used as spotting blocks.

Includes:

<b>CTB-TT</b>	Teeter Totter	(24" W x 70" L x 12" H)
<b>CTB-LG</b>	Large Blocks	(24" W x 70" L x 12" H)
<b>CTB-SM</b>	Small Blocks	(24" W x 35" L x 12" H)
<b>CTB-FI</b>	Folding Inclines	(24" W x 70" L x 12" H)

### MINI MOUNTAIN CLIMBER [CMC-5]

Includes:

- 1 4' x 4' Stacking Mat Mountain
- 1 Block (24" x 30")
- 1 Incline (24" x 36")

### MOUNTAIN CLIMBER [CMC-8]

Includes:

- 1 5' x 5' Stacking Mat Mountain
- 1 Block (24" x 24")
- 1 Incline (30" x 60")

### GIANT MOUNTAIN CLIMBER [CMC-13]

Includes:

- 1 The Mountain Climber
- 1 Roller Tunnel
- 1 Rock 'n' Roll
- 1 Pair of Cradles
- 2 Safety Mats (36" x 84" & 30" x 48")
- 1 Rainbow Mat (4' x 8' x 11/4")

**CLIMBING ISLAND: ADAPTIVE INNOVATION**

[155534]

- Turns any space into a play area in 3 minutes
- Ready to go, complete with 2 collapsible mats
- Easy to move, store and requires no anchors
- System comes fully assembled
- Combine the Climbing Island with many of the available accessories for unlimited possibilities
- Assembled dimensions are 85" (216 cm) L x 38" (96 cm) W x 89" (227 cm) H

**WOODEN LADDER**

**1495164** Wide Ladder (shown)

### SA PARKOUR COURSE

Parkour and Free running are rapidly growing in popularity. Now a FIG recognized sport involves overcoming urban and environmental obstacles.

Spieth America has created the Parkour Training Line, a specific range that focuses on recreating obstacles for the non-competitive disciplines with emphasis on creativity and self expression. Each module has been carefully designed in collaboration with several organizations to ensure the fundamentals of the discipline.

**Each Module features:**

- High quality foam filler, reinforced with polyethylene foam for optimal stability
- Heavy duty vinyl and carrying handles
- Anti-skid bottom
- Hook & loop fasteners to secure modules together

**Simone Biles | Pokal World Cup**  
Stuttgart, Germany

**Ellie Black | Canadian National Championship**  
Ottawa, Ontario

At Spieth America we take pride in having the most innovative equipment worldwide! We are the most trusted, recognized and reliable equipment company in the world. Abo partner companies supply the majority of all World Class Events. It is now our goal to provide the same World Class Equipment used at the Olympic Games to North America. In doing so, we are helping you build first class Invitational and Regional events nationwide!

Experience our innovative meet rental for yourself to understand why Spieth America is the preferred equipment supplier to Gymnastics Canada and NAIGC. Gymnastics figures such as Simone Biles, Ellie Black, Sam Mikulak, Kim Zmeskal, Gustavo Moure, Laurent Landi, Liang Chow and many more have proudly chosen Spieth America.

Where Innovation Meets Gymnastics.

**NAIGC National Championship**  
Daytona Beach, Florida

## ERGOJET VAULTING TABLE

Best vault table in the world and used at the RIO Olympics. It has a built-in transport system to make it easy to move in your venue. Smooth height adjustments with the unique gas spring system. It was used in World Championships. F.I.G. Approved.

## MOSCOW FLOOR

The floor has a new spring system for optimum rebound and uses a high quality foam layer for a faster response. In between the carpet layer and sprung deck there is a puzzle piece foam system for optimal shock absorption to prevent injuries and increase the safety for all athletes. F.I.G. Approved.

## ALL-AMERICAN UNEVEN BARS

Uses the same height and width markings you are used to with other bars in the US so adjustments and transitioning to SPIETH America bars is effortless. We have also incorporated Gas Shock technology in our uprights so coaches no longer need to stand on spotting blocks to adjust the bar height setting!

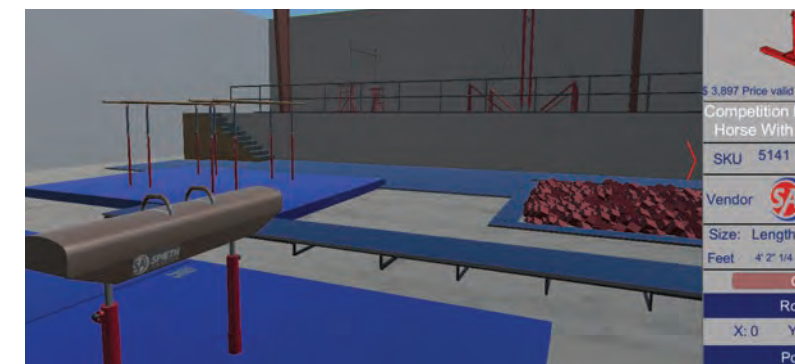

## SPIETH AMERICA CRANK BEAM

A SPIETH America exclusive, is the only one of its kind in the world. The entire beam adjusts with a simple crank handle making quick meet adjustments between athletes a smooth transition.

## GYM DESIGN SERVICES

Whether you are looking to open a new gym, expand your current one or redesign your existing space, we can help design the layout to maximize your space. The step-by-step method gives us the ability to help you select the right equipment for your facility, design an efficient equipment setup, and purchase the products you need within your budget.

### TOP CLASS MEET TECHS

Our professionally trained technicians are here to help you with their combined 30 years of experience. They assist our customers with set up and are onsite to assist with equipment during the meet to assure 100% customer satisfaction.

### SIMPLIFIED SET UP

Trailers fully equipped with ramps for easy and safe equipment unloading and loading at each event.

### TIME SAVING CASES

We are making your meet set up and tear down much more efficient with our time saver cases. Our cases protect your equipment, but help to improve the installation and dismantle process. Saving you and the facility time.

### INNOVATIVE WEIGHT KITS

Innovative weight boxes that roll on a pallet jack for uneven bars, high bar, and ring tower. These portable kits eliminate the hassle of filling up and transporting water jugs.

### MEET TRAILERS NATIONALLY

Spieth America produces over 200 meets in North America, utilizing a fleet including more than 20 corporate event trailers staged nationally through the US and Canada.

Texas Tough Invitational  
Arlington, Texas

We at Spieth America have modified all of our equipment so athletes and coaches have a smooth transition when experiencing Spieth America for the first time.

The feedback we have received after producing events in North America is astonishing. Athletes and coaches are all enjoying an innovative change in the equipment supplier. Athletes have reported experiencing a quick recovery shortly after competing due to our Moscow Floors. The high-quality puzzle piece foam configuration between the carpet bonded foam and spring deck provides athletes optimal shock absorption to prevent injuries and increase the safety of all athletes.

Excalibur Cup

<b>186T</b>	Gymnastics Chalk

**KIP GRIP**

Men & Women's Uneven Buckle & Velcro

- Narrow Cut for Small Hands
- Single Buckle Leather Cuff or Velcro
- Sewn & Glued Dowel
- Grip Keeper
- Sold in Pairs

Men's High Bar

Size | Measurement

<b>00</b>	4 1/4"
<b>0</b>	4 5/8"
<b>1</b>	5 1/8"

Men's Rings

Size | Measurement

<b>00</b>	5 3/8"
<b>0</b>	5 3/4"
<b>1</b>	8 3/8"

Women's

Size | Measurement

<b>000</b>	5"
<b>00</b>	5 3/8"
<b>0</b>	5 7/8"
<b>1</b>	6 1/8"
<b>2</b>	6 3/8"
<b>3</b>	6 3/4"

Important: Sizing can be different from grip to grip. We recommend this hand grip for athletes that are between 70 lbs. and 120 lbs., level 7 or over. We do not recommend this grip for gymnasts whose body weight exceeds 120 lbs! These gymnasts should be using a grip such as our RKO models, which have a wider palm piece providing more strength. To order the Kip Grip please measure from the base of the wrist to the tip of the tallest finger. To order the Men's High Bar and Women's Kip Grip please measure from the base of the wrist to the tip of the tallest finger, and to order the Men's Ring Kip Grip please measure from the base of the wrist to the center of the middle finger between the 1st and 2nd knuckle.

**MEN'S EURO RING GRIP**

Velcro & Buckle

- Swiss Style Cut
- Buckle Closure
- Sewn & Glued Leather Dowel
- Sold in Pairs

Size | Measurement

<b>00</b>	5 3/8"
<b>0</b>	5 3/4"
<b>1</b>	6 3/8"
<b>2</b>	6 5/8"
<b>3</b>	7 1/8"
<b>4</b>	7 1/2"

Important: Sizing is different from grip to grip. Please make sure you're ordering the correct size for your grip! To order the Elite Ring Buckle Grips, take a measurement, in inches, from the wrist to tip of the middle finger.

**MEN'S EURO HIGH BAR GRIP**

Velcro & Buckle

- Swiss Style Cut
- Velcro Closure
- Sewn & Glued Dowel
- Sold in Pairs

Size | Measurement

<b>00</b>	4 1/4"
<b>0</b>	4 5/8"
<b>1</b>	5 1/8"
<b>2</b>	5 1/2"
<b>3</b>	5 7/8"
<b>4</b>	6 1/4"

Important: Sizing is different from grip to grip. Please make sure you're ordering the correct size for your grip! To order the Men's RKO High Bar Grips, take a measurement, in inches, from the wrist to center of the middle finger between 1st and 2nd joint.

**WOMEN'S EURO GRIP**

Velcro & Buckle

- Swiss Style
- Buckle Closure
- Sewn & Glued Leather Dowel
- Sold in Pairs

Size | Measurement

<b>00</b>	5 5/8"
<b>0</b>	6"
<b>1</b>	6 3/8"
<b>2</b>	6 5/8"
<b>3</b>	7 15/16"
<b>4</b>	7 5/16"

Information: Sizing is different from grip to grip. Please make sure you're ordering the correct size for your grip! To order the RKO uneven bar grips, take a measurement, in inches, from the wrist to tip of the middle finger.

**WOMEN'S AMERICAN GRIP**

Velcro & Buckle

- Slight Bow Cut
- Buckle Closure
- Heavy Duty Plastic Dowel
- Sold in Pairs

Size | Measurement

<b>00</b>	5 3/8"
<b>0</b>	5 7/8"
<b>1</b>	6 1/8"
<b>2</b>	6 3/8"
<b>3</b>	6 3/4"
<b>4</b>	7 1/8"

Sizing can be different from grip to grip. Please make sure you're ordering the correct size for your grip! To order Uneven Buckle Grips, take a measurement, in inches, from the wrist to tip of the middle finger.
