

PURTEQ®
DLETE™

ACTIVE ODOR ELIMINATOR

THIS IS WHAT CLEAN REALLY SMELLS LIKE

Instead of using fragrance to mask malodors, DLETE™ Active Odor Eliminator cleans the air of odor at its source with the help of nature's technology. Application specific probiotics bind odor molecules and release enzymes—quickly degrading organic odor causing matter. And the probiotics in DLETE continue working after application to reach odors on a microscopic level. The result is genuinely odor-free.

Used regularly DLETE helps prevent odors in problem areas such as around toilets and urinals, garbage collection areas, carpets and upholstery, car interiors, workout rooms, etc. All places where the best smell is no smell.

BENEFITS OF NATURE'S TECHNOLOGY

An innovative and effective approach to long-term odor elimination utilizes a combination of odor counteractant technologies and probiotics, scientifically formulated to eliminate odors, not cover them up. Biological action removes the odor at its source.

- ▶ Targets organic compounds such as ammonia, hydrogen sulfide, volatile fatty acids, and mercaptans
- ▶ Works effectively on strong odors including urine, spoiled foods, fish oils, cigarette smoke, dumpsters, waste treatment, and more
- ▶ Counteractants bind the odor molecules, eliminating bad smells immediately
- ▶ Probiotic consortium degrades a broad spectrum of substrates
- ▶ Reduces bio-allergens, including pollen, dust mites, animal dander, and fungal spores
- ▶ Biodegradable, safe for users and the environment, VOC compliant, dye and fragrance-free
- ▶ Disposal introduces beneficial bacteria to breakdown organic matter, grease and other substances that cause drain blockage

PRODUCT INFORMATION

DLETE is a buffered and preserved aqueous solution containing surfactants, builders, stabilized enzymes, and naturally occurring probiotics.

- ▶ RTU available in 32 oz., 1 Gallon, 5 Gallon, 55 Gallon, 275 Gallon
- ▶ Use as directed on product label
