## ACTIVE FLOOR CLEANER

### SAFELY STEP UP TO CLEANER FLOORS

Experience the most important benefits of cleaner floors! Degrease, deodorize, and dissolve organic matter on a microscopic level with the help of nature's technology--using application specific probiotics in FLOR™ Active Floor Cleaner.

Its advanced bio-safe chemistry effectively cleans a wide variety of industrial, institutional, and residential floor surfaces, with the added benefit of keeping floors cleaner longer. It also stops grease from resurfacing, which prevents slippery, dangerous floor conditions.

Safe to use around people and pets, FLOR even reduces bio-allergens, including pollen, dust mites, animal dander, and fungal spores. It works extremely well on cleaning grout and also benefits biological drain maintenance. FLOR delivers a bevy of benefits on all types of floors and hard surfaces that are not damaged by water-based cleaners.

### BENEFITS OF NATURE'S TECHNOLOGY

Our advanced probiotic formula produces lipase enzymes that boost the hydrolyzation of fats, oils, and greases (FOG) and quickly eliminate FOG residue.

- ▶ Formulated for high-performance cleaning and degreasing
- ▶ Prevents grease from resurfacing between cleanings
- ▶ Readily biodegradable components, safe for users and the environment, VOC compliant, dye and fragrance-free
- ▶ Disposal introduces beneficial bacteria to breakdown organic matter, grease and other substances that cause drain blockage

### PRODUCT INFORMATION

FLOR is a buffered and preserved aqueous solution containing surfactants, builders, stabilized enzymes, and naturally occurring probiotics.

- ▶ Concentrate available in 1 Gallon, 5 Gallon, 55 Gallon, 275 Gallon
- ▶ Yield: 1 Gallon Concentrate: 16 to 64 Gallons RTU  
(heavy soil: 16 gallons; medium soil: 32 gallons; light soil: 64 gallons)
- ▶ Use as directed on product label
