

**PURTEQ®**  
**PREVNT™**

**ACTIVE-BARRIER CLEANER**

### THE POWER OF MORE GREEN, ALL CLEAN

- ▶ A revolutionary active-barrier cleaner that creates an enduring clean for up to 90 days between regular disinfecting
- ▶ PREVNT™ builds an active barrier on the surfaces it coats and continually cleans those surfaces and the air for up to 90 days\*
- ▶ Titanium dioxide (TiO<sub>2</sub>), which is an active naturally occurring oxide, is the key ingredient in PREVNT. It has a wide range of applications including as a sunscreen ingredient and food additive

### KEY FEATURES AND BENEFITS

- ▶ Photocatalytic TiO<sub>2</sub> offers a simple way to keep surfaces clean and purify the air
- ▶ TiO<sub>2</sub> uses the power of light in a process called photocatalysis. Light energizes titanium dioxide, which triggers the return of organic molecules to their original constituting elements: gaseous H<sub>2</sub>O and CO<sub>2</sub> and minerals
- ▶ As a catalyst, TiO<sub>2</sub> continues creating reactions that clean surfaces of inanimate organic matter and contaminants
- ▶ The air is purified – including the removal of volatile organic compounds – by moving across the surfaces treated

### PRODUCT DETAILS

- ▶ Water-based RTU formula is safe for use on both hard and porous surfaces, from fabric to flooring
- ▶ Stringent production standards ensure quality and purity
- ▶ Available in 1 Gallon, 5 Gallon, 55 Gallon, 275 Gallon
- ▶ Must be applied with ULV cold spray fogger
- ▶ Use as directed on product label

\* Cleans surface of inanimate organic matter and contaminants; use as directed; PREVNT is not a registered disinfectant.
