FIVE MILE

FIVEMILE.COM.AU | @FIVEMILEBOOKS

- This book is extremely educational and a great resource for not only people in the LGBTIQ+ community, but for everyone. It creates a safe space for discussing gender identity, and opens up discussions about gender and diversity between children, parents and other young people.
- Not only is the content educational, but much of the book is built around real people and their first-hand experiences dealing with these topics in their own lives.
- Dylan Mooney, a proud Yuwi, Torres Strait and South Sea Islander provides a unique contribution on his experiences as a member of the LGBTIQ+ community. He strives to represent the community authentically and give voices to those in the community who have been left out or under represented.
- If children are unsure about any LGBTIQ+ terms, they will no longer be after reading this book - and that goes for adults too.

What is all this LGBTIQ+ stuff about?

Am I bi, lesbian or gay? What does trans really mean? How is it different from doing drag? All these questions can be emotionally overwhelming, especially if you're not (yet) sure about your own gender identity.

All About LGBTIQ+ is a guide for all children, young people, and parents who want to know more about the many diverse forms that gender identity can take. Told through vignettes of personal experience from members of the LGBTIQ+ community, this book is an entertaining way of opening up a safe space to discuss gender identity. This book explains all the various terms, and also offers support when it comes to things such as bullying and harassment.

Written by two LGBTIQ+ podcasters, readers will be encouraged to explore their own feelings at their own pace. All About LGBTIQ+ will become your companion to the world of gender and diversity as you journey into adulthood.
