Available From:

ELASTIC KNEE TETRA-STRETCH

The Swede-O® Elastic Knee Tetra-Stretch is designed with a seamless, 4-way stretch material to help prevent fabric from slipping, bunching, or rolling during sports or activities. Its light support is ideal for mild injuries, aching and/or weakened knees. The seamless, ventilated material contours to the natural shape of the knee for comfort during active use.

FUNCTIONAL & COMFORTABLE

The Elastic Knee Supports provide gentle compression to help reduce inflammation. Discreet under clothing; bilateral design fits right or left knee.

INDICATIONS FOR USE

Use the Elastic Knee Tetra-Stretch after injury or to protect your knees from future injury. This knee support provides light compression to the knees to help prevent and relieve aches, pains, sprains, and other knee conditions.
